OF THE CONSOLIDATED

CITY OF SAN FRANCISCO,*

IN ACCORDANCE WITH THE OFFICIAL MAPS, 1868 AND 1870.

EXPLANATORY.—The Ordinance for re-numbering the buildings of this city provides that "Market Street shall be the starting point for the numbers on all buildings fronting on the streets running therefrom in a northerly direction, and also for those running therefrom in a southeasterly direction. The streets laid down in the official map of the city as forming the water front thereof shall be the starting point for numbers on all streets running westerly and southwesterly therefrom, except upon such streets running westerly commencing from Market Street, and upon all such streets, Market Street shall be the starting point for numbers. On all streets the numbers on the right hand side, starting from the point of beginning, are even numbers, and on the left hand side, odd numbers. One hundred numbers, or as many thereof as may be necessary, shall be allotted to each block bounded by principal streets; numbers 100, 200 and 300 being respectively the numbers for commencing the blocks distant one, two, and three streets from the starting point on the side designated for even numbers, and numbers 101, 201, and 301, in similar manner for the opposite side of the street, throughout its extent; so that the initial figure of the number placed on a building at any street-crossing shall indicate the number of main streets such street-crossing is from the starting point. Not less than twenty feet in frontage of all vacant lots of ground shall be allowed for each number. On all cross or intermediate streets the numbering shall commence where said streets begin, and shall conform to the plan specified in this Order."

By this new decimal system of numbering buildings, the exact location of any number is readily ascertained; for example, if you want to find 624 Montgomery, it is on the east side of the block extending from Clay to Washington, which is the seventh from Market—Commercial and Merchants being private streets. Again: 825 Clay is above the eighth block from the water front, which is the one extending from Dupont to Stockton. It must be borne in mind that one hundred numbers are allowed on each block between principal streets.

Several of the principal streets have been erroneously numbered. Bryant, Greenwich, Lombard and Vallejo each vary one hundred from the official map, which has been strictly adhered to in the compilation of the present Street Directory. The following streets are but partially opened, and each differ materially from the plan originally laid out, viz: Clementina, Ecker, Jessie, Minna, Natoma, Ritch, Shipley, Stevenson, and Tehama.

The principal streets southeast of Market, and running parallel to Fifth, have been, by an Ordinance of the city, changed, and they are to be designated hereafter numerically, as follows: Simmons to be Sixth, Harris as Seventh, Price as Eighth, Johnston as Ninth, and so on, as far as such parallel streets continue.

The territory lying west of Laurel Hill and Odd Fellows' Cemeteries, and generally known as the Outside Lands, has been recently surveyed, and is designated on the new official City and County Map as Avenues and Streets. Those running north and south are named respectively from First to Forty-ninth Avenues, and those running east and west, from First Avenue to the Ocean, and parallel with Point Lobos Avenue, A to W Streets. There are a few avenues and streets outside of the boundaries of the foregoing, the names of which will be found included in the Street Directory.

Reference is frequently made in the Register of Names to the following, and which are located, as follows: Hoadley's Addition, situated west of Pierce between Geary and Washington; Horner's Addition, south and near the Mission Dolores; Western Addition, west of Larkin's San Miguel Ranch, southwest and near the Mission Dolores; Bernal Heights, (B. H.) near the San Bruno Road and south of the Potrero Nuevo; and University Mound Tract, (U. M. T.) west of San Bruno Road, five miles from the City Hall. See also, Prominent Places, page 701.

(a) End or beginning of a street. (b) Not opened. (c) Fractional Blocks, one hundred numbers allowed for first two blocks. (d) Fronting the bay. (e) Street ends. (—) Street does not cross. B. H., Bernal Heights. U. M. T., University Mound Tract. S. S. F., South San Francisco. A blank is used where the number at the crossing of a street could not be ascertained.

BREWERS AND MALTSTERS

ESTABLISHED IN 1854.

We avail ourselves of this opportunity of thanking our numerous customers in all parts of the Pacific States and Territories for the very liberal patronage extended to us. Having more than doubled our capacity for the manufacture of ALE and PORTER, by the purchase and enlargement of additional extensive premises, and by the introduction of improved machinery, we, with every confidence, solicit a continuance of the support hitherto afforded us, assuring our friends and the public that their orders will always receive prompt and courteous attention. Our XXX Ale and Porter we guarantee to keep in any part of the world equally as well as the imported English, the price being about one-half.

EDUCATE FOR BUSINESS.

A practical education is valuable to all. HEALD'S COLLEGE educates thoroughly for business. It is universally acknowledged to be the *Leading Commercial School of the Pacific*. Its graduates are practical accountants and obtain lucrative positions. Its scholarships are good for tuition in the thirty-six Bryant & Stratton Colleges located in all our principal cities.

No other Business College in the State can compare with the number of students, size and elegance of rooms, number and experience of teachers, course of studies, or school discipline. THEORY AND ACTUAL BUSINESS PRACTICE are combined in such a manner to obtain the advantages of both. The student **Buys, Sells, Ships, Barters, Consigns, Discounts, Insures, draws Checks, Notes and Drafts, gives Leases, Deeds, etc.**—in fact, goes through the entire routine of actual business.

The school room is elegantly fitted up with

Merchandising, Jobbing and Importing Emporiums, General and National Banking Offices, Commission, Forwarding, Real Estate, Insurance, Express and Post Offices.

is in successful operation, and all ladies wishing to fit themselves thoroughly for positions as Clerks, Cashiers, Copyists, Book-Keepers or Telegraph Operators will find the best facilities at

BRANCHES TAUGHT.

THE TIME HAS COME WHEN

Have got their Family Sewing Machine to PERFECTION, and no mistake. This each and every woman in the land will admit when they see the NEW STYLE, SILENT, ADJUSTABLE, DRAW FEED MACHINE. Every little difficulty is entirely overcome. Drawing the work while sewing, they only require one hand and one foot to do any kind of work perfectly.

BEWARE OF IMPOSTORS!—If you want a Family Sewing Machine, buy the WHEELER & WILSON. Be sure you get a Wheeler & Wilson. Examine the stamp upon the cloth plate; it should read: "Wheeler & Wilson's Mfg Co.—A. B. Wilson, Pat." Every Sewing Machine should be sold on its own merits. Parties endeavoring to palm off other Sewing Machines under the great reputation of this machine will be dealt with according to law. Buy no family sewing machines of traveling agents unless they can show you a letter signed "W. M. STODDARD, Agent for the Pacific Coast," for said machines.

Office Removed to the large, commodious building, three doors from the old stand, on the same block,

N. B.—Also, the best Silent, Adjustable Tuck Marker and Binder, at Reduced Prices.

For a Holiday Present, nothing is so desirable as a
WHEELER & WILSON SEWING MACHINE.

AN ACT

TO REPEAL THE SEVERAL CHARTERS OF THE CITY OF SAN FRANCISCO, TO ESTABLISH THE BOUNDARIES OF THE CITY AND COUNTY OF SAN FRANCISCO, AND TO CONSOLIDATE THE GOVERNMENT THEREOF. APPROVED, APRIL 19, 1856.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

ARTICLE I.

SECTION 1. The Corporation, or body politic and corporate, now existing and known as the "CITY OF SAN FRANCISCO," shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the "CITY AND COUNTY OF SAN FRANCISCO," and by that name shall have perpetual succession, may sue and defend in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold, and enjoy real and personal property, and sell, convey, mortgage, and dispose of the same for the common benefit. The boundaries of the City and County of San Francisco shall be as follows: Beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States Survey, separating townships two and three south, (Mount Diablo Meridian) and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock; thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the Bay of San Francisco; thence to low-water mark on the northerly side of the said entrance, at a point opposite Fort Point; thence following said low-water mark to a point due north-west of Golden Rock; thence due south-east to a point within three miles of the natural high-water mark on the eastern shore of the Bay of San Francisco; thence in a southerly direction to a point three miles from said eastern shore, and on the line first-named (considered as extending across said bay); and thence along said first-named line to the place of beginning.* The islands in said bay, known as the "Alcatrazes and Yerba Buena," and the islands in said ocean known as the "Farallones," shall be attached to and form a part of said city and county; *provided*, however, that all rights and liabilities of the corporation heretofore and now known as the "City of San Francisco," shall survive to, and continue against, the corporations continued by this Act. The district or districts of said city and county, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said city and county, as established in this Act.—[Amendment April 18, 1857.]

SEC. 2. The public buildings, lands, and property, all rights of property and rights of action,

* By the Act of the Legislature, April 25th, 1860, the boundaries of Marin County have been extended so as to include the islands of Los Angeles, Dos Hermanos, and Marin.—COMPILED.

and all moneys, revenues, and income, belonging or appertaining either to the Corporation of the City of San Francisco, or to the County of San Francisco, are hereby declared to be vested in, and to appertain to, the said City and County of San Francisco; and the moneys in the treasury of said City, and in the Treasury of said County of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid, and received, into the Treasury of the City and County of San Francisco as a part of the General Fund; or where the said moneys, revenues, and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held, and disbursed, for the same use, unless it is otherwise provided in this or some other Act.

SEC. 3. The records, books, and papers in the custody of the said City Treasurer, shall be handed over to and received into the custody of the Treasurer of the said city and county, and all other books, records, and papers of the said corporations shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said city and county, and shall not be withheld under any claim of a lien thereon for arrears of salary, fees, services, or advances, nor under any other pretense whatsoever. Suits and actions may be brought and maintained in the name of the City and County of San Francisco, for the recovery of any property, money, or thing belonging thereto, or the enforcement of any rights of, or contracts with, said city and county. And from any judgment* rendered against the said city and county in any court, an appeal may be taken by the said city and county, where such appeal is allowed by law, without the giving of any appeal bond or undertaking, or complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors, and Boards of Supervisors, so far as the same are not repealed or altered by the provisions of this Act, shall be considered as applicable to officers of the said City and County of San Francisco, acting or elected under this Act. Provision shall be made from the revenues of the said city and county for the payment of the legal indebtedness of the former city corporation and of the County of San Francisco. The taxes which may be levied and collected under the provisions of this Act, shall be uniform throughout the said City and County of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said city indebtedness, to increase taxation beyond the rate of the county tax levied upon property in said County of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits † defined in the second section of the Act entitled "An Act to Re-incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five, and not upon such property situated without those limits.

SEC. 5. Immediately after the passage of this Act, the present City Attorney, Surveyor General, and C. K. Garrison, shall proceed to lay off the said city and county into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads, or other permanent monuments, and shall cause a map to be made representing the said districts, with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them, or a majority of them shall be recorded in the office of the County Recorder of said city and county, and the original deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an Election Precinct, ‡

SEC. 6. The provisions of this section referring to the election and terms of city and county officers have been superseded by Act of April 2, 1866.—[See Supplemental Act 1., page 803] Justices of the Peace and Constables, by Acts of March 26 and Amendments February 10, 1870.—[See Supplemental xxi, page 850] And the election of Inspector and Judges of the Election, by Act of March 19, 1866—[Registry Act. See Statutes 1865-66, page 208; and Amendments Statutes 1867, page 64.]

Vacancies in the office of Supervisor or School Director, [Act April 29, 1857] where the term of office will not expire at the next ensuing general election, shall be then filled by an election, in the proper district, for the unexpired term and for the interval between the happening of any such vacancy and the general election next ensuing, any vacancy in the office of the Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office; and any vacancy

*The Act April 23, 1858, authorizes the payment, from the General Fund, of any final judgment against the City and County of San Francisco.

† See Note, page 807.

‡ District changed to Wards—[Act April 2, 1866.] Board of Supervisors authorized to establish election districts.—[Act March 19, 1866. Amended, Act March 30, 1868.]

in the office of School Director [Re-enacted.—See Article III, Section 13, page 812] shall be filled by appointment by the Superintendent of Common Schools, by and with the advice and consent of a majority of the School Directors then in office; and such appointees shall hold office respectively until the general election next ensuing, and the election and qualification of their successors in office. But no such appointment shall be valid unless the appointee be, at the time of his appointment, an elector of the district wherein the vacancy occurred.

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood their having taken the oath of office, given the official bond, where it is required by law, and complied with all the requisites prescribed by the Statutes of this State, to entitle and qualify them to exercise the functions of their offices.

SEC. 8. SECTION 1. [Obsolete.]

SEC. 2. The Board of Supervisors of the City and County of San Francisco are hereby authorized and required to pay for the improvement of all streets in front of School property, in the same manner and from the same fund from which other street improvements in front of public property are paid.

SEC. 3. It shall not be lawful for the Board of Education or the Board of Supervisors of the City and County of San Francisco to dispose of any real estate belonging to the School Department, except fifty-vara lot three hundred and one, and the lot on which the Colored School House is located, on Broadway between Powell and Mason streets, which lots the Board of Education, with the consent of the majority of the Board of Supervisors, are hereby authorized to sell at public auction, after giving thirty days' notice in some public newspaper in said city and county: *provided*, that one-half of the proceeds of such sale shall be placed to the credit of the School Fund, to pay any deficit in the School Fund for the fiscal year eighteen hundred and sixty-seven and sixty-eight.

SEC. 4. It shall be the duty of the Committee on Finance and Auditing of the Board of Education, during the month of July of every year, to make an annual estimate of all revenues and disbursements of the School Department for the current fiscal year, specifying separately the amount of funds necessary to defray the different items of expenditures for the first and last half year; and in no case shall it be lawful for the said Board to exceed, during the first half year, the estimated items of expenditures for that period, or, in the entire year, the revenues collected for school purposes. ARTICLE IV.

PUBLIC STREETS AND HIGHWAYS.

[Sections 36—64, inclusive, of the original Act, are repealed by the following, which is substituted therefor.]

An Act amendatory of Article Fourth of an Act entitled "An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved the nineteenth day of April, eighteen hundred and fifty-six, repealing Sections thirty-six to sixty-four, inclusive, and Acts and parts of Acts amendatory and supplementary thereof, and substituting this Act for said Article Four."—[Approved April 25, 1862.]

SECTION 1. All the streets, lanes, alleys, places or courts, as laid down on the map now in the office of the City and County Surveyor of the City and County of San Francisco, which was made official by the Board of Supervisors of said city and county, as per Order Number Six Hundred and Eighty-four, January thirtieth, eighteen hundred and sixty-six, signed by George C. Potter and Thaddeus R. Brooks, and all other streets, lanes, alleys, places or courts, now dedicated to public use, are hereby declared to be open public streets, lanes, alleys, places or courts, for the purpose of this law; and the said Board of Supervisors are hereby invested with jurisdiction to order any of the work mentioned in section three of this Act to be done on any of said streets when the grade and width of said streets have been officially established. —[Amended April 4, 1870.]

SEC. 2. All streets, lanes, alleys, places or courts which may be hereafter officially established, and all which may hereafter be dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places or courts; and whenever the grade and width of said streets, lanes and alleys, and the grade and size of said places or courts shall have been officially established, the Board of Supervisors shall have the same jurisdiction to order work to be done thereon as is conferred upon them by section one of this Act.—[Amended April 4, 1870.]

SEC. 3. The Board of Supervisors are hereby authorized and empowered to order the

whole or any portion of the said streets, lanes, alleys, places or courts, graded or regraded, to the official grade, planked or replanked, paved or repaved, or macadamized, piled or repiled, capped or recapped, and to order sidewalks, sewers, cesspools, manholes, culverts, curbing and crosswalks to be constructed therein, and to order any other work to be done which shall be necessary to make and complete the whole or any portion of said streets, lanes, alleys, places or courts, and they may order any of the said work to be improved. The work provided for in this Act shall not be deemed to be "specific improvements," within the meaning of section sixty-eight, Article V, of Chapter one hundred and twenty-five of the Act entitled an Act to repeal the several Charters of the City of San Francisco, to establish the boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved April nineteenth, eighteen hundred and fifty-six. Nor shall the ordinances or resolutions passed by said Board of Supervisors, under the provisions of this Act, be deemed to be such ordinances or resolutions as are mentioned in said section sixty-eight.

SEC. 4. The Board of Supervisors may order any work authorized by section three of this Act to be done* after notice of their intention so to do, in the form of a resolution describing the work, and signed by the Clerk of said Board, has been published for the period of ten days in the paper doing the printing under this law, and also in two daily newspapers, one of which newspapers shall be published as a morning edition, and one as an evening edition, printed and published in said city and county, for five days, Sundays and non-judicial days excepted; *provided*, that no such notice shall be given or order made for the grading of any street mentioned in section three of this Act, unless the majority of the frontage of the lots and lands fronting on the work proposed to be done and described in said resolution, or which is to be made liable for such grading, excepting public property, shall have been represented by the owners thereof, or by their agents, in a petition to the said Board of Supervisors, stating that they are the owners and in possession, or agents of the lots named in the petition, and also requesting that such improvements or street work shall be done; and for any other character of street improvements, the Board of Supervisors shall have power, without petition of the property owners, to give the notice prescribed in this section, to be published in the manner hereinbefore provided, and to order the said work to be done. All owners of lands or lots, or portions of lots, who may feel aggrieved, or have objections to the ordering of the work described in said notice, or who may have objections to any of the subsequent proceedings of the said Board in relation to the work mentioned in such notices of intentions, or who may have any objections to any of the acts of the Superintendent of Public Streets, Highways and Squares of the City and County of San Francisco, in the discharge of any of the obligations or duties imposed upon him by virtue of his office, shall file with the Clerk a petition or remonstrance, wherein they shall set forth in what respect they feel aggrieved, or the acts or proceedings to which they object; which petition or remonstrance shall be passed upon by said Board, and their decisions thereon shall be final and conclusive; but the said Board of Supervisors shall not order the work described in said notices to be done, unless all objections and protests that shall have been presented and filed, as aforesaid, shall have been by them disposed of. Should the owners or agents of more than one-half in frontage of the lots and lands, fronting on the work proposed to be done, and designated in said notice or resolution, or liable to be assessed for work, file with the Clerk of the Board of Supervisors written objections against any grading described in said notice, at any time before the expiration of the publication of said notice of intention, and his publication thereof as hereinbefore provided; then, and thereupon, the said Board of Supervisors shall be barred from proceeding further for the period of six months; and the said Board of Supervisors shall not renew the notice of intention for doing any grading so protested against within said six months, unless the owners or agents of a majority of the frontage of the lots and lands fronting on said grading, or liable to be assessed therefor as aforesaid, shall petition anew for the work to be done; *provided, further*, that in all cases of any intended paving of any street or part of street, lane, alley, place or court, the owners or agents of a majority of the frontage of the lots and lands fronting on said intended improvement, may petition the said Board of Supervisors to have such paving done; and in such petition may designate whether the same shall be by cobble or other stone pavement, or by what is known as the Stow foundation pavement; and the said Board of Supervisors shall thereupon order the same kind of pavement to be laid down as the said petitioners shall request, the same to be laid down and constructed in other respects under the laws and regulations as heretofore or herein provided. Said Stow foundation pavement shall be constructed of black heart redwood, or of such other wood as may have been subjected to the preservation process, and the blocks placed with the grain of the wood in a vertical position, which blocks shall not be less than six inches in length and four inches in thickness; and when

The income of the ZETNA INSURANCE COMPANY, of HARTFORD, amounts to over \$12,000 per day.

*Whenever street work or grading of any street or part thereof may be deemed necessary by the Board of Supervisors of the City and County of San Francisco, on a portion of any street in front of any lot owned or possessed by the Government of the United States, said Board shall have power to order the whole or any portion of such street in front of any such lot to be graded, paved, planked or repaired, any law to the contrary notwithstanding.—[Act March 31, 1866.]

the same shall be completed according to the terms of the contract, and to the satisfaction of the Superintendent of Streets, then it shall be the duty of the said Board of Supervisors to accept the same in all respects, and to the extent and for all purposes as cobble stone pavements are now accepted. It is further provided that, at the expiration of any notice of intention, the Board of Supervisors shall be deemed to have acquired jurisdiction to order any work to be done which is authorized by section three of this Act, except as hereinbefore provided; and it is further provided, that where any public street shall have been graded, or graded and macadamized, or graded and paved for the distance of two or more blocks upon each side thereof of any one or more blocks or crossing of a street which is not improved, it shall be the duty of the Board of Supervisors, upon the recommendation of the Superintendent of Streets and Highways, to order the notice provided in this section to be given, without the petition provided first aforesaid; and if the owners of three-fourths of the frontage of the land and lots fronting on such portions of said streets to be graded or improved, shall within the time prescribed in said notice, file written objections to the improvement of said street, the Board of Supervisors shall duly consider said objections before ordering said work; and if the said Board of Supervisors shall decide and declare, by an entry in the minutes of said Board, that the objections so made are not good, thereupon the Board of Supervisors shall be deemed to have acquired jurisdiction to order any of such street work to be done that is prescribed in said notice and in section three of this Act; provided, further, that when one-half or more of the grading, planking, macadamizing, paving, sidewalking or sewerage of any one street lying between two main street crossings has been already performed, the Board of Supervisors may order the remainder of such grading, planking, macadamizing, paving, sidewalking or sewerage to be done, notwithstanding the objections of any or all of the property owners.—[Amended, April 4, 1870.]

Sec. 5. The owners of more than one-half in frontage of lots and lands fronting on any street, lane, alley, place or court, mentioned in sections one and two of this act, or their duly authorized agents, may petition the said Board of Supervisors to order any of the work mentioned in section three of this Act to be done, and the said Board of Supervisors may order the work mentioned in said petition to be done, after notice of their intention so to do has been published as provided in section four of this Act. No order or permission shall be given to grade or pile and cap any street, lane, alley, place or court, in the first instance, or any portion thereof, without intending and completing the same throughout the whole width of such street, lane, alley, place or court; when any such work has heretofore been done, or when any such work shall hereafter be done, in violation of this section, neither the lots, or portions of lots, in front of which such work has been or may be done hereafter, nor the owners thereof, shall be exempt from assessments made for the payment of the work afterwards done to complete said street, lane, alley, place or court, to its full width, as provided in section eight of this Act.

Sec. 6. Before giving out any contracts by the Board of Supervisors for doing any work authorized by section three of this Act, the Clerk of the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Public Streets and Highways, and also published for five days (Sundays and non-judicial days excepted), inviting sealed proposals for the work contemplated. All proposals offered shall be delivered to the Clerk of the Board of Supervisors; and said Board shall, in open session, open, examine and publicly declare the same, and shall award said work to the lowest responsible bidder; and all bids shall be for a price payable in gold coin of the United States; provided, said Board may reject any and all bids, should they deem it for the public good; and also may reject the bid of any party who may be proved delinquent or unfaithful in any former contract with said city and county. And if all bids shall be rejected, the Supervisors shall direct the Clerk to again post said notice and publish the same, as in the first instance. All proposals shall be accompanied with a check, payable at sight, on a bank or banking house in said city and county, duly certified, for the sum of five hundred dollars, United States gold coin, payable to the order of the Clerk of the Board of Supervisors and to be approved by him; and if the bidder to whom the contract is awarded, shall, for ten days thereafter, fail or neglect to enter into a contract, as hereinafter provided, it shall be the duty of said superintendent to certify such failure on the part of said bidder to the Clerk of the Board of Supervisors, who shall thereupon draw the money due on said check and pay it over to the Treasurer of the City and County of San Francisco, to be by him deposited to the credit of the Street Department Fund. It is further provided, that all persons, owners included, who shall fail to enter into any contract, as herein provided, or to complete the contracts entered into, are hereby prohibited from bidding a second time for the same work; and in case of owners, they are hereby prohibited from electing to take the same work a second time, and from entering into any contract concerning the same. Notice of such award shall be published for three days (Sundays and non-judicial days excepted), and within five days after the first publication of said award, the owners of a majority of the frontage of lots and lands liable to be assessed for said work, or their agents, and who shall make oath that they are such owners, or the agents of said owners, may elect to do the said work, and enter into a written contract to

do the whole work, at the price for which the same is awarded, upon giving the bond as hereinafter provided; and they shall commence said work within ten days from the first publication last above mentioned; and shall prosecute it diligently and continuously, and complete it within the time limited in the contract, or within any extended time; but should the said property owners fail to commence the said work within said ten days, or fail to prosecute the same diligently or continuously, in the judgment of said Superintendent, or complete it within the time prescribed in the contract, or within such extended time, then it shall be the duty of said Superintendent to enter into a contract with the original bidder to whom the contract was first awarded, to do said work or complete the same, as the case may be, provided said original bidder, within five days after notice thereof, elect to take said contract; but if he refuse to take said contract, then the said Superintendent shall report the same to the Board of Supervisors, who shall, without further petition on behalf of the property owners, order the Clerk of the Board of Supervisors to advertise for bids, as in the first instance, and re-let the contract, in the manner hereinbefore provided. *And it is further provided*, that all contractors for street work shall, at the time of entering into said contract, execute a bond, payable to the City and County of San Francisco, with two or more sureties, in the sum of not less than one thousand dollars, and in such additional amount as may be fixed by said Superintendent, conditioned for the faithful performance of said contract, and said sureties shall justify in double the amount of the penalty fixed in said bond; such sureties to justify before said Superintendent or his deputy. And the qualifications and responsibility of such sureties shall be the same as are now prescribed for sureties on the official bonds of the officers of said City and County of San Francisco. *And it is further provided*, that the City and County of San Francisco, or any person suffering damage by reason of the breach of said contract, may sue on said bond; *it is further provided*, that it shall be the duty of said Superintendent to collect from the contractors, before any contract is signed, the expense of publication of the notices mentioned in this Act. [Amended April 4, 1870.]

SEC. 7. The Superintendent of Public Streets and Highways is hereby authorized, in his official capacity, to enter into all written contracts, and to receipt all bonds authorized by this Act, and to do any other acts, either expressed or implied, that pertain to the Street Department under this Act; and said Superintendent shall fix the time for the commencement and completion of the work under all contracts entered into by him, and may extend the time so fixed from time to time under the direction of the Board of Supervisors. And in all cases where the Superintendent, under the direction of said Board, has extended the time for the performance of contracts, the same shall be held to have been legally extended. And whenever, in any contract heretofore made, the said Superintendent has fixed the time for doing the work, or has extended the same, such acts shall be deemed and held to have been legally done, and it shall so be held in all the Courts of this State; but this provision shall not apply to any contracts the work under which has not been commenced. The work provided for in section three of this Act must, in all cases, be done under the direction and to the satisfaction of the Superintendent, and the materials used shall be such as are required by the said Superintendent; and all contracts made therefor must contain this condition, and also express notice that in no case (except where it is otherwise provided in this Act) will the City and County be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the expenses of all such work, in the mode herein provided, shall be made by the said Superintendent of Public Streets and Highways. [Amended April 25, 1863.]

SEC. 8. *Subdivision One.* The expense incurred for any work authorized by section three of this Act, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specially provided, each lot or portion of lot being separately assessed, in proportion to its frontage, at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two. The expense of all improvements (except such as done by contractors under the provisions of section fourteen of this Act), until the streets, street-crossings, lanes, alleys, places or courts are finally accepted, as provided in section twenty-one of this Act, shall be assessed upon the lots and lands, as provided in this section, according to the nature and character of the work; and after such acceptance, the expense of all work thereafter done thereon shall be paid by said city and county out of the Street Department Fund; and if said fund shall not be sufficient to defray such expenses, the Board of Supervisors may transfer from the General Fund to the Street Department Fund sufficient money to meet any deficiency.

Subdivision Three. The expense of work done on main street crossings, except such as are provided for in subdivision eight of this section, shall be assessed upon the four quarter-blocks adjoining and cornering on the crossing; and each lot or part of a lot, in such quarter-blocks, fronting on such main street, shall be separately assessed, according to its proportion of frontage on the said main street.

Subdivision Four. Where a main street terminates at right angles in another main street, the expense of the work done on one-half the width of the street opposite the termination shall

be assessed upon the lots in each of the two quarter-blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of said street upon the lots fronting on the latter half of the street opposite such termination.

Subdivision Five. Where any small or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all the lots or portions of lots half way on said small streets to the next crossing or intersection, or to the end of said small or subdivision street, if it does not meet another.

Subdivision Six. The expense of work done on the small or subdivision street crossings shall be assessed upon the lots fronting upon such small streets on each side thereof, in all directions, half way to the next street, place or court, on either side, respectively, or to the end of such street, if it does not meet another.

Subdivision Seven. Where a small street, lane, alley, place or court terminates in another street, lane, alley, place or court, the expense of the work done on one-half the width of the street, lane, alley, place or court opposite the termination shall be assessed upon the lots fronting on such small street, lane, alley, place or court so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, lane, alley, place or court, or to the end of such street, lane, alley place or court if it does not meet another; and the other one-half of the width upon the lots fronting such termination.

Subdivision Eight. The maps now in the office of the said Superintendent of Public Streets and Highways, showing the street crossings or spaces formed or made by the junction or intersection of other streets with Market street, other than at right angles, also showing other street crossings adjoining fractional or irregular blocks (all of which crossings or spaces are colored on said maps and numbered from three to one hundred and fifty, inclusive), and heretofore certified by said Superintendent—one adopted by a resolution of the Board of Supervisors, number fifteen hundred and seventy-eight, approved on the sixteenth day of December, eighteen hundred and sixty-one, and the other adopted by a resolution of the said Board, number three thousand two hundred and eighty-four, approved on the twenty-first day of March, eighteen hundred and sixty-four, which resolutions are copied on the face of said maps respectively—shall be deemed and held to be official maps for the purpose of this Act, and the same are hereby approved; and the expenses incurred for the work done on the said crossings or spaces formed by the junction or intersection of East street with Market street, and of other streets with Market street, and not squarely in front of and not properly assessable to lots fronting on such streets, and for work done on said other street crossings and spaces, all of which are colored on said maps, shall be assessed on the contiguous, adjacent and neighboring irregular or quarter blocks or lots of land which are of the same color as the crossings or spaces, and which have a number thereon corresponding with the number of the crossing or space on which the work has been done.

Subdivision Nine. In all the streets constituting the water front of the City and County of San Francisco, or bounded on one side by the property of said city and county, or crossings cornering thereon, or on the water front, the expense of work done on that portion of said street, from the center line thereof to the said water front or to such property of the city and county bounded thereon, and of one-fourth of their crossings, shall be provided for by said city and county; but no contract for any such work shall be given out except to the lowest responsible bidder, after an observance of all the formalities required by this Act.

Subdivision Ten. Where any work mentioned in section three of this Act (sewers, manholes, cesspools, culverts, crosswalks, crossings, curbing, grading, piling and capping excepted) is done on one side of the center line of said streets, lanes, alleys, places or courts, the lots or portions of lots fronting on that side only in front of which said work is done shall be assessed to cover the expenses of said work, according to the provisions of this section.

Subdivision Eleven. The assessment made to cover the expenses of the grading mentioned in the proviso in section four of this Act, shall be assessed upon all the lands, lots and portions of lots, fronting on either side of said street, lying and being between said main street crossings, in the manner provided in subdivision one of this section. Before any work is done under a contract to complete the grading of a partially graded street, lane, alley, place or court, under the provisions of section four of this Act, the City and County Surveyor shall ascertain, as near as possible, the number of cubic yards of grading done, previous to the letting of the contract, in front of each lot or parcel of land fronting upon the work under contract, and also ascertain the number of cubic yards of grading necessary to complete the grading included in the contract, and certify such estimates to the Superintendent of Public Streets and Highways before the completion of the work included in said contract. And when any owner of a lot or lots fronting on said partially graded street, lane, alley, place or court, has graded a part of the same, and desires credits for grading done by him previous to the publication of the notice of intention, he shall file with the City and County Surveyor, previous to the completion of the grading under contract, a certificate of the City and County Surveyor in office when the work was performed,

certifying the number of cubic yards of grading done by him or those through whom he claims or derails title: *provided, however*, that he shall not be allowed any credits at any time for any embankment made above or excavations made below the official grade; but the cost of removing such embankment or filling in such excavation shall always be charged exclusively to the owner or owners of the lot or lots of land fronting thereon, in addition to the pro rata rate which may be assessed to them. If the credit for grading, so certified as aforesaid, in cubic yards or measurement, equals the proportional amount of grading which such owner would be obliged to do if no grading had been done on such street, lane, alley, place or court, then such owner and his lot or lots shall be exempted from assessment for the remaining work; and if the grading done by such owner is less than his proportional share, then the work required to be done by him in front of his lot or lots, according to the original profile of the land previous to any grading thereon, shall be included in the assessment; and the work certified as aforesaid to have been done by him at his own expense shall be credited to him at the contract rate: *provided*, that in making the assessment to cover the expense of any work mentioned in this section, the said Superintendent may deviate from its provisions and assess such lots and lands fronting on any street, lane, alley, place, or court, as he may decide liable to assessment for said work, which decision may be appealed from as hereinafter provided.

Subdivision Twelve. Section one of an Act entitled an Act amendatory of and supplementary to an Act to provide revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section; but the property therein mentioned shall be subject to the provisions of this Act, and to be assessed for work done under the provisions of this section. [Amended, March 26, 1868.]

SEC. 9. After the contractor of any street has fulfilled his contract to the satisfaction of the Superintendent, the said Superintendent shall make an assessment to cover the sum due for the work performed and specified in such contract, including incidental expenses, if any, in conformity with the provisions of this Act, and according to the character of the work done, which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with the incidental expenses, if any, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot, or portion of lot, if known to the Superintendent; if unknown the word "unknown" shall be written opposite the number of the lot, but an assessment made to a person not the owner, shall not render the said assessment illegal, and the amount assessed thereon, the number of each lot or a portion of a lot assessed, and shall have attached thereto a diagram, exhibiting each street, or street crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each district, lot or portion of a lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of feet frontage assessed for said work, and contracted for and performed; and such assessment shall in all cases be payable in gold coin of the United States. [Amended, April 4, 1870.]

Sec. 10. To said assessment mentioned in section nine of this Act, shall be attached a certificate signed by said Superintendent and the Auditor of said City and County of San Francisco, to the effect that the said assessment, and the amount or amounts assessed to each person, or to each piece or parcel or lot of land affected thereby or liable therefor, is true and correct; and it shall be the duty of said Superintendent to give to each of said contracts for street improvement or assessment a name or number, by which the fund collected for the payment of said work shall be known; and it is further provided, that the said Superintendent shall deliver to such contractor, upon the recording of the assessment, diagram and certificate above referred to, an order for the amount due to such contractor, payable only out of such fund, and in amounts as the same is collected at the end of each month, such amounts to be paid by the City and County Treasurer to the holder of said order, and to be indorsed on the same when payments are so made; and it is further provided, that the said Superintendent shall, immediately after the recording of the assessment, diagram and certificate, as herein prescribed, deliver the same to the Tax Collector of the City and County of San Francisco, who shall note thereon the time of its receipt by him, and the date when the same shall become delinquent, and shall thereupon publish a brief notice, for the period of thirty successive days, Sundays and non-judicial days excepted, that the same is in his hands for collection, and that unless such assessment shall be paid at his office within thirty days after the first publication of said notice, the same will be delinquent, and will be by him delivered to the City and County Attorney for collection by suit. That said Tax Collector, on the last day of each month, shall pay over to the City and County Treasurer each amount collected on each separate assessment, and the same shall be placed by said Treasurer to the credit of the proper fund. And said Treasurer shall pay out the said moneys so collected to the parties holding the Superintendent's orders on said fund, as hereinbefore prescribed, and take the proper vouchers therefor. The said Tax Collector and the said Treasurer shall be respectively entitled to one additional clerk, in the discre-

tion of said Board, at a salary not exceeding one hundred and fifty dollars per month each, who shall be paid out of the General Fund. [Amended April 4, 1870.]

SEC. 11. The City and County Attorney of the City and County of San Francisco is hereby authorized, after the passage of this Act, to appoint an Assistant City and County Attorney, whose duty it shall be to sue for and collect all and every delinquent street assessment, such suits to be prosecuted as hereinafter provided. Such Assistant City and County Attorney to receive no compensation except a fee and percentage in each action, which shall be as follows: After suit brought, and before judgment or decree, said Attorney shall be entitled to charge and collect, in addition to the said principal sum or sums for which suit is brought, interest, costs of suit and disbursements, fifteen dollars in each case where suit is commenced, which he shall have for his own use; but if a judgment or decree is rendered, fifteen per cent. shall be added and collected as his fee for collection; *provided*, that said percentage fee of fifteen dollars [per cent.] shall not be allowed to exceed the sum of one hundred dollars in any one judgment; and *provided further*, that if any suit is carried on appeal to the Supreme Court, he shall be entitled to receive an additional sum of one hundred dollars, and it is further *provided*, that the said assessment or assessments shall draw interest at the rate of ten per cent. per annum, from the date of the recording of said assessment, down to and after judgment or decree, any law to the contrary notwithstanding. It shall be the duty of said Assistant City and County Attorney to commence suit and recover said assessments within ten days after the same is delivered to him; and said action shall be brought in the name of the People of the City and County of San Francisco. The costs required to commence and prosecute said actions to be drawn from the Street Department Fund hereinafter mentioned and returns [returned] to that fund when collected; and no defense shall be interposed except:

First. Want of jurisdiction to order the work.

Second. That the assessment has been paid.

Third. Fraud in the assessment or in any of the acts or proceedings prior thereto, setting out the facts showing such fraud.

And it is further *provided*, that when any contract for any street work shall have been made by the proper officers of said city and county, and shall be fully and faithfully performed by the contractor thereof, or his assigns, in every respect, and in accordance with the terms of said contract, and afterwards assessment for the payment of said street work shall be declared invalid by the highest courts in the State, and if such invalidity shall appear by the decision of said courts not to have been in any manner caused by the frauds, acts, conduct or omissions of said contractor, then it shall be the duty of the said Board of Supervisors of said city and county to order the full amount or amounts of such contract, or whatever amounts shall be due and owing on said contract, to be paid to the contractor, or his assigns, out of the Street Department Fund, together with all such fees to the said attorney, as he, the said attorney, would have been entitled to if the same had been collected after judgment; and the City and County Auditor shall audit, and the Treasurer shall pay the same; *provided*, that the claim of said contractor shall be presented within six months after the final determination of the cause by such Court; and upon such payment to such contractor, as aforesaid, the said contractor, or his assigns, shall assign said contract to the City and County of San Francisco. Said Assistant City and County Attorney shall be required to enter into a bond in the sum of twenty thousand dollars, payable to the said Street Department Fund, with two or more sureties, to be approved by the County Judge of said city and county, and conditioned faithfully and diligently to perform his duties as Assistant City and County Attorney, and to sue for and collect all assessments that may be delinquent under the provisions of this Act, and to pay, on the last day of each month, all moneys collected during the month to the Treasurer of the City and County of San Francisco, accompanied with a statement to the City and County Treasurer which shall designate the fund or funds to which said money shall be applied; and it is especially *provided*, that the duties of such Attorney shall extend only to the collection of delinquent street assessments, and counsel relative to street work, and in no case shall be entitled to any claim against or compensation from said City and County of San Francisco, except as hereinbefore provided. The percentage to be paid said Assistant City and County Attorney, when assessments are declared invalid, shall be allowed and paid monthly, in the same manner that other claims against the City and County of San Francisco are allowed; but said claim shall only be paid out of the special fund collected as aforesaid. On collections made and received before judgment or decree, the percentage may be retained by him. [Amended April 4, 1870.]

SEC. 12. The owner, contractor, or his assigns, and all persons whether named in the assessment or not, feeling aggrieved by any of the acts or determinations of said Superintendent, in relation to the acceptance of work, or to the assessment, or to any act, proceeding, matters or thing done, suffered or committed by him, shall, within fifteen days after the first publication of notice of the issuance of said assessment, as herein provided, appeal to said Board of Supervisors, as provided in this section, by briefly stating their objections in writing and filing the same with

he Clerk of said Board. Notice of the time and place of hearing, briefly referring to the subject-matters of appeal, and to the acts or determinations objected to or complained of, shall be published for five days, Sundays and non-judicial days excepted. When said assessment shall have been made by said Superintendent, he shall publish for ten days, Sundays and non-judicial days excepted, a brief notice of said assessment, describing therein the general nature of the work done, and the names of such persons as are named therein and the amount assessed to them respectively. During the time of said last named publication, said Superintendent, on application of any of said owners, may make any changes, alterations and corrections in said assessment, which to him may seem just, or he may annul the same, if he finds the contract on which the same is based has not been performed, and make a new assessment on performance thereof, and republish said notice of ten days, with the like right to object to any second assessment on the part of the owners, and appeal to said Board as herein provided. Said Board on appeal, may correct, alter or modify said assessment, as to them shall seem just, and may annul the same, and may order a new assessment to be made in the manner by them directed, and may make any order or decision in relation to any contract or the performance thereof, or in relation to any of the acts of the contractor or the said Superintendent, prior to the date of the hearing of said appeal. And all the decisions and determinations of said Board shall be final and conclusive upon all persons entitled to an appeal. At the expiration of said ten days, if no appeal is taken to said Board, or if an appeal is taken and the appeal is dismissed, or after the decisions of said Board on appeal have been complied with, said assessment, diagram and certificate shall be recorded in suitable books kept in the office of said Superintendent for that purpose, and when so recorded the several amounts assessed shall be a lien upon the land, lots or portions of lots assessed respectively, until the same shall have been fully paid, and have a priority to all other liens, taxes excepted; and from and after the date of said recording all persons shall be deemed to have notice of the contents of the record thereof, and of all the records, proceedings, orders, resolutions and notices of the said Board of Supervisors or of said Superintendent in relation to street work. After jurisdiction to order any work has been obtained, no irregularity in any of the subsequent proceedings shall render any assessment illegal. [Amended April 4, 1870.]

SEC. 13. Actions for the collection of any delinquent street assessment shall be brought in the name of the People of the City and County of San Francisco, and in any of the District Courts in and for said City and County of San Francisco, and against the owners and all persons having any interest therein, and the said original assessments delivered to the said Tax Collector of said City and County of San Francisco for collection, shall, at the expiration of the said fifteen days from the first publication thereof, be delivered to the Assistant City and County Attorney, with the word "Paid" marked opposite to each sum assessed and which shall have been paid; also, to whom and by whom paid and the date of payment; and said assessment or assessments, or the original record thereof, shall be *prima facie* evidence of plaintiff's right to recover in the action, and as to all defences not heretofore enumerated, it shall be conclusive evidence of the right of plaintiff to recover. And in case any one or more of the items in the assessment or assessments are against owners thereof who cannot with due diligence be found, the service in each of such actions may be had either in the manner as is now prescribed by the Civil Practice Act of this State, or in manner as is prescribed by an Act of the Legislature of the State of California, entitled an Act supplementary to an Act entitled an Act in relation to suits brought for the collection of delinquent taxes, approved May twelfth, eighteen hundred and sixty-two, approved March twenty-fourth, eighteen hundred and sixty-four, and the remedies therein provided are cumulative; and the said Assistant City and County Attorney shall have all the powers and authority which are conferred upon the District Attorney by said last mentioned Act. The Court in which such suit shall be commenced shall have power to judge and decree a lien against the premises assessed, and to order such premises to be sold on execution or decree, as in other cases of the sale of real estate by the process of said Courts; and on appeal, the appellate Court shall be vested with the same power to adjudge and decree a lien, and to order to be sold such premises on execution or decree, as is conferred on the Court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In bringing an action to recover street assessments, the complaint need not show any of the proceedings prior to the issuance of the assessment, diagram and certificate, but it shall be held legally sufficient if it shows the title of the Court in which the action is brought by the parties plaintiff and defendant, the date of the issuance of the assessment, the date of the recording thereof, the book and page where recorded, a general statement of the work done, a description of the lot or lots sought to be charged with the assessments, the amount assessed thereon, that the same remains unpaid, and the proper prayer for relief; said complaint may be verified by said Assistant City and County Attorney. In all suits now pending or hereafter to be brought to recover street assessments, the proceedings therein shall be general and regulated by the provisions of this Act, and also, when not in conflict herewith, by the Civil Practice Act of this State. It is hereby expressly provided that nothing but gold or silver coin of the United States shall be received in payment of street assess-

ments, and the judgment or decree in every case shall be made payable in and entered for gold coin. [Amended April 4, 1870.]

SEC. 14. The Superintendent of Public Streets and Highways may require, at his option, by notice in writing to be delivered to them personally or left on the premises, the owners, tenants or occupants of lots or portions of lots liable to be assessed for work done under the provisions of this Act to improve forthwith any of the work mentioned in section three of this Act in front of the property of which he is the owner, tenant or occupant, to the center of the street or otherwise, as the case may require, and to remove all dirt or filth from the street in front of his premises; and by a like notice to be served personally upon the president or any officer of a railroad corporation or company, or to be left at the office of said corporation or company, to require such corporation or company to improve forthwith any work mentioned in this Act which said corporation or company are required by law to do and perform; said notice to specify what improvement is required or work is to be done. After the expiration of three days the said Superintendent shall be deemed to have acquired jurisdiction to contract for the doing of the work, or making the improvements, or removing the filth and dirt required by said notice. If such improvement or work of cleaning be not commenced within three days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the said Superintendent may enter into a contract with any suitable person applying to make said improvements or to do said cleaning, at the expense of the owner, tenant, or occupant, or railroad corporation or company, as the case may be, at a reasonable price to be determined by said Superintendent; and such owner, tenant or occupant, or railroad corporation or company, shall be liable to pay the same. After the certificate referred to in section fifteen shall have been recorded, the sum contracted to be paid shall be a lien, the same as provided in section ten of this Act, and also a lien upon the franchise and property of said corporation or company, and may be enforced in the same manner as other assessments. [Amended March 26, 1868.]

SEC. 15. If the expense of such improvements, or removing such dirt and filth after the completion thereof, be not paid to the contractor so employed, or his agent or assignee, on demand, the said contractor or his assigns shall have the right to sue the owner, tenant, or occupant, or railroad corporation or company, under the provisions of this Act, for the amount contracted to be paid, and the certificate of the Superintendent that the work has been properly done, and that the charges for the same are reasonable and just, shall be *prima facie* evidence of the amount claimed for such work and of the right of the contractor to recover for the same in such action. [Amended March 26, 1868.]

SEC. 16. In addition, and as cumulative to the remedies above given, the Board of Supervisors shall have power, by resolution or ordinance, to prescribe the penalties that shall be incurred by any owner, tenant, or occupant, or railroad corporation or company, neglecting or refusing to make improvements or remove dirt and filth, as provided for in section fourteen of this Act; which fines and penalties shall be recovered for the use of the City and County, by prosecution in the name of The People of the State of California, as in other cases provided for in subdivision eleven of section fifteen, chapter four hundred and ninety-three, on page five hundred and forty-four of the Statutes of said State, approved May eighteen, eighteen hundred and sixty-one, and may be applied, if deemed expedient by the said Board, in payment of the expenses of any such improvements when not otherwise provided for. [Amended March 26, 1868.]

SEC. 17. The person in whose name the lots and lands shall stand assessed on the assessment roll in the office of the Assessor of the City and County of San Francisco or the owner in fee, or the person in possession thereof claiming to own the same or exercising acts of ownership over the same at the date of said assessment, shall be regarded and deemed to be the owner (for the purpose of this law), according to the true intent and meaning of that word, as used in this Act. [Amended April 4, 1870.]

SEC. 18. Any tenant or lessee of the lands or lots liable may pay the amount assessed against the property of which he is the tenant or lessee, under the provisions of this Act, or he may pay the price agreed to be paid under the provisions of section fourteen of this Act, either before or after suit brought, together with costs to the contractor, or his agent or assigns; or he may redeem the property, if sold on execution or decree, for the benefit of the owner, within the time prescribed by law, and deduct the amount so paid from the rents due, and to become due, from him; and for any sum so paid beyond the rents due from him, he shall have a lien upon, and may retain possession of the said land and lots, until the amount so paid shall have been satisfied, with legal interest, from accruing rents or by payment by the owner.

SEC. 19. The records kept by the Superintendent of Public Streets and Highways, in conformity with the provisions of this Act, and signed by him, shall have the same force and effect as other public records; and such records, or copies thereof duly certified by said Superintendent, may be used in evidence with the [same] force and effect as the original assessments, diagrams and warrants. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge. [Amended March 26, 1868.]

SEC. 20. Notices in writing which are required to be given by the Superintendent, under the provisions of this Act, may be served by any Police Officer, with the permission of the Chief of Police, and the fact of such service shall be verified by oath of the person making it, taken before the Superintendent (who is hereby authorized to administer oaths), Police Judge, or any Judge, or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent himself. The Superintendent shall keep a record of the fact of giving such notices, when delivered by himself, personally, and also of the notices and proof of service, when delivered by any other person.

SEC. 21. When any street or portion of a street has been or shall hereafter be constructed to the satisfaction of the committee on streets, wharves, grades and public squares of the Board of Supervisors and said Superintendent, and shall have a brick sewer or cement pipe constructed therein under such regulations as said Board shall adopt, the same shall be accepted by the Board of Supervisors, and thereafter shall be kept open and improved by the said city and county, the expense thereof, together with all work done in front of city property to be paid out of the Street Department Fund: *provided*, that the Board of Supervisors shall not accept of any portion of the street less than the entire width of the roadway (including the curbing and one block in length or one entire crossing); and *provided, further*, that the Board of Supervisors may partially or conditionally accept any street or portion of a street without a sewer or pipe therein, as above stated, if a sewer or pipe therein shall be deemed by them unnecessary; but the lots of land previously assessable for the cost of construction of a sewer or pipe shall still remain and be assessable for such cost, and for the cost of repairs and restoration of the street damaged in the said construction, when a sewer or pipe shall be deemed necessary, the same as if no partial or conditional acceptance had ever been had. The said Superintendent shall keep in his office a register of all accepted streets, the same to be indexed so that reference may be easily had thereto. [Amended April 4, 1870.]

SEC. 22. The said Superintendent shall keep a public office in some convenient place, to be designated by the Board of Supervisors; and his office shall be kept open as in this Act required. He shall not, during his continuance in office, follow any other profession or calling, but shall be required to devote himself exclusively to the duties of his office. He shall be allowed not more than eleven deputies, to be by him appointed from time to time. Three of said deputies shall receive a salary of two hundred dollars per month each, and four of said deputies shall receive a salary of one hundred and fifty dollars per month each, and four of said deputies shall receive a salary of one hundred and twenty-five dollars per month each. It shall be lawful for the said deputies to perform all or any of the duties conferred by this Act upon the Superintendent of Public Streets and Highways, under the direction of the said Superintendent, except the acceptance or approval of work done. The Superintendent of Public Streets and Highways or his deputies, shall superintend and direct the clearing of all sewers in the public streets, and the expense of the same shall be paid out of the Street Department Fund, in the same manner as provided for the improvements of streets that have been finally accepted, as in this Act provided. [Amended April 4, 1870.]

SEC. 23. It shall be the duty of the said Superintendent to see that the laws, orders and regulations, relating to public streets and highways, are carried into execution, and that the penalties therefor are rigidly enforced. It is required that he shall keep himself informed of the condition of all public streets and highways, and also all public buildings, parks, lots and ground, of the said city and county, as may be prescribed by the Board of Supervisors. He shall, before entering upon the duties of his office, give bonds to the city and county in such sum as may be fixed by the Board of Supervisors, conditioned for the faithful discharge of the duties of his office; and should said Superintendent fail to see that the laws, orders and regulations, relating to the public streets and highways, are carried into execution, after notice from any citizen of a violation thereof, the said Superintendent and his sureties shall be liable upon his official bond, to any person injured in his person or property in consequence of said official neglect.

SEC. 24. No recourse shall be had against said city and county for damage to person or property suffered or sustained by or by reason of the defective condition of any street or public highway of said city and county, whether originally existing, or occasioned by construction, excavation, embankment, or want of repair of such street or public highway, and whether such damage be occasioned by accident on said street or public highway, or by falling from or upon the same. But if any person, while carefully using any street or public highway of said city and county, graded, or in the course of being graded, or carefully using any other street or public highway, leading into or crossing the same, be injured, killed, lost or destroyed, or any horses, animals or other property, be lost, injured, or destroyed, through any defect in said street or public highway, graded, or in the course of being graded as aforesaid, or by reason of any excavation or embankment in or of the same, or by falling from or upon said embankment or excavation, then the person or persons upon whom the law may impose the duty either to repair such defect or to guard the public from the excavation, embankment, or grading aforesaid, and also

the officer or officers through whose official neglect such defect remained unrepaired, or said excavation or embankment remained ungraded [unguarded?] as aforesaid, shall be jointly and severally liable to the person or persons injured for the damages sustained. [Amended April 25, 1863.]

SEC. 25. The City Surveyor shall be the proper officer to do the surveying and other work which may be necessary to be done under sections one and two of this Act, and to survey, measure and estimate the work done under contracts for grading streets; and every certificate of work done by him, signed in his official character, shall be *prima facie* [evidence] in all the Courts in this State, of the truth of its contents; he shall also keep a record of all surveys made under the provisions of section one of this Act, as in other cases; the Superintendent shall measure and determine any other work which may be done under the provisions of this Act.

Second. The words "improve," "improved," and "improvements," as used in this Act, shall include all necessary repairs of all work mentioned in section three of this Act, and also the reconstruction of all, or any portion, of said work.

Third. The term "main street," as used in this Act, means such street or streets as bound a block; the term "street" shall include crossings.

Fourth. The term "block" shall mean the blocks which are known and designated as such on the map and books of the Assessor of said city and county.

Fifth. The term "incidental expenses" shall mean the expense for work done by the City Surveyor, under the provisions of this Act; also, the expense of printing, measuring, and advertising the work done under contracts for grading, and the expense of superintendence of sewers, and of piling and capping or repiling, and recapping, paving and repaving [and] macadamizing.

Sixth. The publication of notices, required by the provisions of this Act, shall be published daily, (Sundays excepted) in the newspaper doing the printing by contract for said city and county. [Amended March 31, 1866.]

SEC. 26. *First.* All assessments hereafter to be made, to cover the expense of work provided for by contracts awarded prior to the first day of June, eighteen hundred and sixty-one, and after George T. Bohen became the Acting Superintendent, shall be assessed as provided by the law in relation thereto, and in force at the time said work was awarded; and all assessments heretofore made by George T. Bohen, as Superintendent, under said laws, to cover the expense of such work, shall be deemed and held to have been assessed under the proper law.

Second. All assessments hereafter to be made to cover the expense of work provided for by contracts awarded on and after the first day of June, eighteen hundred and sixty-one, shall be assessed according to the provisions of this Act.

SEC. 27. The Superintendent shall appoint a person or persons, suitable to take charge of and superintend the construction or improvement of each and every sewer, and of piling and capping, and repiling and recapping, paving and repaving and macadamizing, whose duty it shall be to see that the contract made for the doing of said work is strictly fulfilled in every respect, and in case of any departure therefrom, to report the same to said Superintendent. He shall be allowed for his time actually employed in the discharge of his duties, such compensation as shall be just, but not to exceed five dollars per day. The sum to which the party so employed shall be entitled, shall be deemed to be incidental expenses within the meaning of those words, as defined in this Act; *provided*, that the owners of more than one-half of the frontage of the lots and lands fronting on the work proposed to be done under this section, may, within forty-eight hours after the work has been commenced, appoint their own superintendent of the work, and provide for his compensation by private agreement. [Amended March 31, 1866.]

SEC. 28. [Legalizes the publication of notices, etc., in the Daily and Weekly "Herald and Mirror."]

SEC. 29. The Supervisors shall meet within five days after each annual election, and also on the first Monday of January, April, July, and October of each year, and at such other times as specially required by law; or they may, for urgent reasons, be specially convoked by the President of the Board of Supervisors. A majority of all the Supervisors to be elected in the several districts shall constitute a quorum to do business; and no regulation, resolution, ordinance, or order of the Board, can pass without the concurrence of a majority of all the members elected, [seven votes necessary, Act March 30, 1868] but a smaller number may adjourn from day to day. All the sessions, acts and resolutions of the Board shall be public. The President of the Board of Supervisors, elected by the city and county at large, shall preside at all the sessions of the Board, without the right to vote. If he approves, he shall sign it; if not, he shall return it within ten days to the Board, with his objections in writing. The Board shall then enter the objections on the journals and publish them in some city newspaper. If, at any stated meeting thereafter, two-thirds of all the members elected to the Board [nine votes necessary, Act March 30, 1868] vote for such ordinance or resolution, it shall then, despite the objections of the President, become valid. Should any such ordinance or resolution not be returned by the President within ten days after he receives it, it shall become valid, the same as if it had received his signature.

At the expiration of the time of publication of said notice, and at the time indicated by said notice, or at such other time to which it may be continued, the County Court shall appoint three citizens, who are freeholders in said city and county, and competent judges of the value of real estate therein, and not interested in said proceedings, as Commissioners, to assess the benefits and damages to each separate lot of land within the limits designated in the notice.

Fifth. The Commissioners shall be sworn by the County Judge to make the assessments of benefits and damages to the best of their judgment and ability, without fear or favor; and that they have no interest in the controversy, nor in any of the land within the limits designated, which oath shall be filed with the County Clerk as part of the proceedings. A copy thereof, and of the order of appointments, certified by the Clerk, may be delivered to said Commissioners as their authority.

Sixth. Said Commissioners shall visit and inspect the premises to be assessed, and the premises for which damages are claimed, with a committee from their body, appointed for that purpose by the Board of Supervisors.

Seventh. Said Commissioners shall have power, and it is hereby made their duty, to examine, under oath, which any one of them is hereby authorized to administer, any witnesses produced before them by any party, touching the matters to be investigated, and such other witnesses as they may deem necessary to fully acquaint themselves with the actual amount of benefits and damages which will result to the respective parties interested in the proposed change.

Eighth. Said Commissioners, having determined the damage which will be sustained by each petitioner, over and above all benefits by the completion of the proposed change, shall proceed to assess the whole amount thereof, together with the costs, charges, and expenses of the proceedings, including the compensation to the Commissioners for their services, to be taxed and allowed by the County Judge, ratably, upon the several lots of land benefited within the limits designated in said notice, so that the same shall be distributed according to the benefits produced by such change, as nearly as possible.

Ninth. Said Commissioners shall make their report in writing, and shall subscribe the same and file it with the County Clerk. In their said report they shall describe each piece of property which will sustain damage, stating the amount of the damages which it will sustain over and above all benefits; and they shall also give a brief description of each lot benefited within the designated limits, the name of the owner, if known, and the amount of benefit assessed against the same. In case the three Commissioners do not agree, the award agreed upon by any two of them shall be sufficient. On the filing of said report, the County Clerk shall notify the Board of Supervisors, in writing, of the fact, and thereupon the said Board shall, by ordinance, confirm or reject said report. If they confirm it, the grades of the streets shall be changed as contemplated, and the Clerk of the Board of Supervisors shall notify the County Court that the Board have confirmed the report. The County Court shall thereupon enter up judgment against each lot assessed for benefits, describing the same as accurately as can conveniently be done. Upon which judgment, an order of sale may issue by order of the Court, commanding the Sheriff of said city and county to collect the amount therein mentioned by sale of the lot assessed, in the mode prescribed by law for the sale of real estate, the proceeds to be paid by the Sheriff to the Treasurer of the City and County of San Francisco, who shall place the same to the credit of the Street Department Fund; and the same shall be paid, and the Treasurer of said city and county shall pay the amount collected for damages into the County Court, which shall hold, invest, and distribute the same in the same manner as provided in section nineteen of an Act entitled "An Act to declare and regulate the Power of the Board of Supervisors of the City and County of San Francisco, to take Private Lands for certain Public Improvements, and to prescribe the Manner of its Execution," approved April fourth, eighteen hundred and sixty-four. All such judgments shall be in favor of the City and County of San Francisco, and shall be a lien upon the lot until the same is paid; but no sale shall be made nor execution issue until the County Court shall determine that said work has been completed.

SEC. 3. Before entering up judgment, the Court shall fix a day for hearing parties who may feel aggrieved by reason of any of the proceedings; but no objection shall be considered except such as are specifically set forth in writing by the parties; and all errors, omissions, and irregularities not specifically set forth shall be deemed to be waived. Any party dissatisfied may, within thirty days after judgment against him or his lot, or the order to pay the damages

assessed, appeal to the Supreme Court to review the matter complained of, and the appeal shall be taken in the manner and with the same effect as prescribed in, and in all respects be in conformity to, an Act to declare and regulate the Power of the Board of Supervisors of the City and County of San Francisco, to take Private Lands for certain Public Improvements, and to prescribe the Manner of its Execution, approved April fourth, eighteen hundred and sixty-four; and all subsequent proceedings shall be in conformity therewith and with the same effect.

SEC. 4. All acts and proceedings under this law shall be liberally construed, and the judgments and proceedings of the County Court shall be construed like judgments and proceedings of courts of general jurisdiction.

SEC. 5. The Sheriff shall collect fees for the execution, in case an execution issues, as in other cases; but each party may pay to the Treasurer the amount of the judgment against him, and the Treasurer's receipt being produced to the County Court, satisfaction of the judgment shall be entered by the Clerk. The Clerk shall not charge any fees for the proceedings unless execution issue, in which case he shall be authorized to charge five dollars for each execution, to be collected by the Sheriff on the execution.

FINANCE AND REVENUE.†

SEC. 75. All fines, penalties, and forfeitures, imposed for offenses committed within the said city and county shall be received by the Clerk or Magistrate of the respective Court and paid into the treasury thereof, as a part of the Police Fund; forty per cent of all poll taxes collected in said city and county, or any other proportion of such poll taxes which may be hereafter assigned to said city and county by law, shall also be paid and received into the treasury thereof, as a part of the Police Fund. All demands payable out of said fund, may, in case there be not sufficient money in the treasury arising from the sources specified in this section, be paid out of the General Fund of said city and county.

SEC. 76. The School Fund of said city and county shall consist of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use, by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five cents, [forty-five cents authorized.—Act February 19, 1870.—See page 827] on each hundred dollars' valuation of all property, real and personal, liable to be assessed. The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

SEC. 77. All taxes assessed upon real and personal property in said city and county, shall be payable and be paid directly to the Treasurer thereof; [the Tax Collector shall collect the taxes.—See Revenue Law, Act April 29, 1857, Sec. 12.] and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable in the mode prescribed by law for the collection of such State and county taxes.

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees, or otherwise; he shall also be charged with and be deemed debtor to the treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from an irregularity or defect in the assessment, then the Assessor, whose duty it was to make the assessment, shall be liable and be deemed debtor to the treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said city and county shall receive and safely keep in a secure fire-proof vault, to be prepared for the purpose, all moneys belonging to or which shall be paid into the treasury, and shall not loan, use, or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act, and after they have been duly audited; he shall keep the key of said vault and not suffer the

same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book, the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly. If he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period not less than three nor more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of the moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two-thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness, or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. [Repealed. See Act of the Legislature, March 28, 1859.]

SEC. 82. No payment can be made from the treasury or out of the public funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided; and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of public funds, unless his account has been duly presented, passed, approved, and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature, regulating the duties of such officer, on being required in writing, to comply therewith by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act; and the Auditor may examine any officer, receiving a salary from the treasury, on oath, touching such absence.

SEC. 83. The term "audited," as used in this Act, with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and Board of Officers, and finally allowed as required by law; and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, or Board of Delegates of the Fire Department, but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself that the money is legally due and remains unpaid, and whether the payment thereof from the treasury in the city and county is authorized by law, and out of what fund. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other Board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date, and value composing it, and refer to the law by title, date, and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries, fixed by law, and made payable out of the treasury of said city and county, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor, or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed, or audited, to an amount exceeding the share

of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers must, before they can be allowed by the Auditor, or paid, first be approved by the Police Judge and Chief of Police, or if they refuse, or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury, or any Public Funds of said city and county, and not hereinbefore in this section specified, must, before they can be allowed by the Auditor, or in any manner be recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instructions and regulation during recess of the said Board. The Auditor must number and keep a record of all demands on the treasury allowed by him, showing the number, date, amount and name of the original and present holder; on what account allowed, out of what fund payable, and, if previously approved, by what officer, officers, or Board, it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon, until this requisite shall have been complied with.—[Amendment April 18, 1857.]

SEC. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education, and each Supervisor, shall have power to administer oaths and affirmations concerning any demand on the treasury, or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county, individually, and on his official bond, for the amount of the demand so illegally approved, allowed or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, and Clerk of the Board of Supervisors, at any time during business hours. Copies, or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.—[Amendment April 18, 1857.]

SEC. 87. The Auditor is the head of the Finance Department of the city and county, and as such, is required to be constantly acquainted with the exact condition of the treasury, and every lawful demand upon it. He shall keep a public office, and give his personal attendance there daily, during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business, or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.

SEC. 88. Every lawful demand upon the treasury, duly audited as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it with an indorsement of the word "registered" dated and signed by the Treasurer.

SEC. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax Collector or other officer, or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law, and without any delay.

SEC. 90. The salaries, fees, and compensations of all officers, including policemen and employes of all classes, and all teachers in common schools, or others employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing, shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors, or Board of Education, then, within one month after the regular session of the proper Board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is, in all respects, just and legal, and that the presentation of it, as above required, was not in

the power either of the original party interested, or his agent, or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to, and countersigned by, the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date, and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence, in favor of such person or officer, of the payment specified in it, without being first countersigned as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of or refusal to approve or allow, any demand upon the treasury, presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid: *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors, or the Board of Education, the opinion of the District Attorney thereon, shall be required in writing, read and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said city and county, shall, every month, examine the books of the Treasurer and other officers of said city and county, having the collection and custody of public funds, and shall be permitted, and it shall be their duty, to see and count over all the moneys remaining in the hands of such Treasurer, or other officer. If they ascertain *clearly* that such Treasurer or other officer, is a defaulter, they shall forthwith take possession of all funds, books, and papers, belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he was appointed to fill. If the Treasurer, or other officer so charged as a defaulter, be acquitted thereof, he shall resume his duties.

SEC. 95. Payments of demands on the treasury of said city and county may be made for the following objects, and none others:—[Amended April 18, 1857.]

First. Out of the Police Fund, the fixed salaries of Police Captains and Officers, Chief of Police, Police Judge, and Clerk of Police Court.*

Second. Out of the School Fund, the salaries or wages of teachers in the common schools, rents, repairs, building, and furnishing of school houses, as provided by law.

Third. Out of the General Fund, the fixed salaries of compensation of the Assessor and his deputies, the salaries fixed by law, and other officers of said city and county, and of officers of the Fire Department, and the legal fees of jurors and witnesses in criminal cases, when the same by law are payable out of the county treasury.

Eleventh. Out of the Police Fund, bills for the subsisting of prisoners previously authorized by the Board of Supervisors, as in this Act provided, and duly audited, which bills must minutely specify each several item composing the demand.

* The Act of April 1, 1870, provides that one-half of all the fines, penalties and forfeitures imposed for offenses committed within the said city and county, and now paid into the Treasury thereof, as a part of the Police Fund, by the Clerk of the Police Judge's Court, shall be paid to the Treasurer of the San Francisco Benevolent Association; *provided*, that such payment shall not diminish the amount now authorized by law to be paid out of said fines, penalties and forfeitures to other associations, or to the school fund of said city and county; and, *provided further*, that the sum so paid to the Treasurer of the San Francisco Benevolent Association, under the provisions of this Act, shall not in any event exceed the sum of five thousand dollars per annum. For Police Contingent Fund, see Supplemental XIV., page 839.

Fourteenth. Out of the General Fund * * * the expense legally incurred for books, stationery and official blanks, as authorized by section eleven of this Act, and the necessary expense of constructing a fire proof vault, to be prepared for the Treasurer's office, as required by section seventy-nine of this Act; also, expenditures not exceeding two thousand dollars [Amended, Act April 26, 1862], during any one month for objects of urgent necessity other than those heretofore specified in this section, when the amount thereof in each particular case shall have been previously authorized and fixed by the Board of Supervisors, in the lawful exercise of their powers. Provisions relative to expenditures for Fire Department, construction of cisterns, etc., superseded by Act of March 2, 1868 and Amendments March 14, 1870. [See Supplemental II, page 804.]

Fifteenth. Out of the Surplus Fund, expenditures previously authorized by the Board of Supervisors, in the lawful exercise of their powers, for objects other than those specified in the preceding fourteen subdivisions of this section, may be paid out of the Surplus Fund, as specified in sections ninety-seven and ninety-eight, but not otherwise. At the end of each fiscal year, and after every lawful demand on the treasury then due and payable, or to accrue for that year, shall have been actually paid, taken up, and canceled, and record thereof made in the proper books, or cash in the treasury shall have been set apart and reserved, equal to the amount of said demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing, will, in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time, during such succeeding year, subject, however, to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury, for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void as against the city and county, if made before such Surplus Fund exists in the treasury, and unless it be in writing, with a printed copy of sections ninety-five, ninety-six, ninety-seven, and ninety-eight, of this Act attached to it, and in such case, the officer or officers executing the same, in behalf of the city and county, in contravention of this provision, shall alone be liable in his or their individual capacity, to the other contracting party, for the fulfillment of such contract.—[Amendment April 18, 1857.]

SEC. 96. The demands specified in the first fourteen subdivisions of section ninety-five, shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterward coming into the said treasury applicable thereto, in the order in which the same are registered.

SEC. 97. The Board of Supervisors, Board of Education, and each and every officer of the said city and county, being absolutely prohibited to contract any debt or liability, in any form, against the said city and county hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may involve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been provided and reserved for the redemption of said bonds and certificates of stock, to the amount hereinbefore specified.

SEC. 98. If any expenditures not authorized by this Act, be incurred, they can never be paid out of the treasury, nor shall they be deemed to constitute, or lay the foundation of any claim, demand, or liability, legal, equitable, or otherwise, against the said city and county. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the treasury, but not for the preferred objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract, or consideration, be deemed to be a legal or equitable claim or liability against the said city and county, or the treasury thereof, or the taxable property of tax payers, otherwise than as in this section provided; and no demand preferred against the said city and county, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99. [Repeals former Acts, and provides that all laws and parts of laws defining the powers and duties of Supervisors or Boards of Supervisors, are declared inapplicable to the said City and County of San Francisco, except such as are expressly referred to in, and made applicable thereto by, the provisions of this Act; also, all laws and parts of laws, as far as they conflict with the provisions of this Act. The schedule to the Act provides for the organization of San Mateo County, and is therefore omitted.]

SECTION 1. On or before the first Monday in June, in each year, the Assessor of the City and County of San Francisco shall deliver to the Clerk of the Board of Supervisors of said city and county, a list, containing the names of all persons, firms, corporations, and associations, who have given in a sworn statement, or whose personal property has been finally assessed, as provided for in section three of An Act to provide Revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, and the acts amendatory thereof and supplementary thereto, and the amount of the tax on personal property assessed to each of said persons, firms, corporations and associations. Said list shall be certified by the Assessor: *provided*, however, that the Assessor may, at any time prior to the last Saturday in October, in each year, specially assess any property which shall not be on the regular list, as provided in section eleven of said Act, approved April twenty-ninth, eighteen hundred and fifty-seven. As soon as the Clerk of the Board of Supervisors shall receive said list, he shall give notice of the fact, specifying therein the time of the meeting of the Board of Equalization, for the correction of errors in the assessment of personal property, as provided in section two of this Act, by publication in one or more daily newspapers published in said city, and he shall keep said list open in his office for public inspection.

SEC. 2. The Board of Equalization of said city and county, as constituted by section eight of An Act to provide Revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, shall meet on the first Monday in June, in each year, for the correction of errors in the assessment of personal property, and shall continue in session, from time to time, until such errors brought to their notice shall be corrected: *provided*, however, that they shall not sit after the third Monday in June. Said Board shall have power to determine such complaints only as shall be made to them upon sworn statements in writing in regard to the assessed value of any property, and may change and correct any such valuation, either by adding thereto, or deducting therefrom, if the sum fixed in the assessment roll is proven to be too small or too great. During the session of the Board, the Assessor may be present, and shall have liberty to make any statement touching questions before the Board. During the session, or as soon as possible after the adjournment of the Board, the Clerk shall enter upon said assessment roll all the changes and corrections made by the Board, and thereupon deliver the assessment roll, so corrected, to the Auditor of said city and county, whose duty it shall be to add up the columns of valuation, and on or before the first Monday in July he shall deliver to the Tax Collector a true copy of the corrected roll, to be styled a "Duplicate Assessment List of Personal Property," with the total of taxes to each person, firm, corporation, and association, carried out in separate money columns, which said duplicate assessment list shall be duly certified by said Auditor.—[Amendment February 27, 1864.]

SEC. 3. The personal property assessment list referred to in section one of this Act, and the copy thereof named in section two of this Act, shall be made in the form and bound in the manner now provided by law.

SEC. 4. Upon receiving the tax list of personal property from the Auditor, the Tax Collector shall immediately give notice, by publication in three daily newspapers published in the county, that the taxes on personal property are due and payable, and such notice shall be continued until the first Monday of August next succeeding; he shall also cause a notice to the like effect to be addressed to each person, firm, corporation, or association, named in said list, and shall deposit the same in the post-office in said city, for delivery, the names of the persons, firms, corporations, or associations, alone to be considered a full address for the purposes of this Act.

SEC. 5. All taxes on personal property remaining due and unpaid on the first Monday of August in each year shall then become delinquent, and the Tax Collector shall, at the close of his official business for that day, enter upon the personal property tax list a statement that he has made a levy upon all the property assessed in said list upon which the taxes have not been paid, and thereafter he shall charge two and one-half per cent on the amount of such delinquent taxes, and on the first Monday in September then next following he shall charge two and one-half per cent additional on all such delinquent taxes on personal property then remaining due and unpaid. The taxes on special assessments of personal property, provided for in section one of this Act, shall become delinquent, and be subject to the additional charges above

named, and the property assessed to be levied upon in the form and manner hereinbefore described at the expiration of thirty days after notice to the persons, firms, corporations or associations assessed, that such tax is due and payable. The additional charges on delinquent taxes provided for in this section shall be paid into the county treasury, for the use of the city and county: *provided*, that the delinquent taxes on personal property shall not be chargeable in addition to the percentage above imposed, with the five per cent now imposed by law in section thirteen of said Act of April twenty-ninth, eighteen hundred and fifty-seven.

SEC. 6. At any time after the first Monday in August of each year, the Tax Collector is authorized and required, in person or by deputy, to seize and take possession of any personal property on which the assessed taxes have not been paid, or any personal property belonging to any person, firm, corporation, or association, delinquent for taxes on personal property, and to sell, at public auction, sufficient thereof to satisfy the taxes due, and the costs of seizure and sale, upon giving notice of the time and place of sale, by publication once in any newspaper published in the county; said time and place of sale shall be such as the Tax Collector may select, and shall be authorized to employ an Auctioneer to conduct said sales, all expenses being chargeable to the party or parties delinquent.

SEC. 7. In seizing and selling property in accordance with section six of this Act, the Tax Collector shall be governed by his judgment as to the quantity necessary to satisfy the taxes due, and costs; and should the quantity taken by him prove more than necessary for the purpose named, the portion remaining unsold may be left at the place of sale, at the risk of and subject to the order of the person or persons delinquent, and all proceeds of sales over and above the amount due for taxes and costs, shall be returned by the Tax Collector to the person or persons on whose account the sale was made; and in case said person or persons cannot be found, or shall decline to receive said balance, then the Tax Collector shall deposit the amount with the County Treasurer, subject to the order of said person or persons; and if the same be not demanded within six months from the date of deposit, then the Treasurer shall pay the same into the county treasury. And when no sufficient visible property can be found to pay said taxes or costs, or when the Tax Collector is in doubt whether said visible property is owned by the party taxed, or whether he has a legal right to seize the same, or when the property of an incorporated company shall be assessed, and the owner or owners of such personal property, seizable under section six of said Act of May ninth, eighteen hundred and sixty-two, or such incorporated companies do not pay said taxes on or before the first Monday in August of each year, it shall be the duty of the Tax Collector to, commence an action against the owner or owners of such personal property, or against the person or persons taxed, or such incorporated company or companies, in the name of the People of the State of California, in any Court in said city and county of competent jurisdiction, for the amount of taxes against said personal property, or said persons, or said companies. And it is hereby made the duty of the District Attorney of said city and county to prosecute said action whenever required by the Tax Collector aforesaid; and if judgment shall be obtained against the defendants in said action, ten per cent over and above the amount due shall be taxed and added to the costs against the defendants, for Attorney's fees, and all other costs of prosecution; said ten per cent to be paid into the Urgent Necessity Fund of said city and county.—[Amendment April 4, 1864.]

SEC. 8. For seizing or selling personal property, as provided in this Act, the Tax Collector shall be entitled to charge and retain in each case, the sum of three dollars, and the same mileage that a Sheriff would be entitled to receive for traveling to the place to make a levy, the same to be added to the costs, and to be recovered from the delinquent party.

SEC. 9. The bill of sale of the Tax Collector shall vest full title to the property sold in the purchaser.

SUPPLEMENTAL XVIII.—*An Act to facilitate the Collection of Delinquent Taxes in the City and County of San Francisco.*—Act March 31, 1866.

SEC. 3. The Sheriff and each Constable in said city and county is hereby prohibited from releasing from levy and attachment any personal property on which any taxes are due and payable to the State, and said city and county, or on which any such taxes, by course of law, have become a lien; also, from paying over to any creditor or other person the proceeds of sale, or any portion thereof, of any such personal property, on which any such taxes are so due, or have become a lien.

SEC. 4. The Treasurer of said city and county is hereby required to retain from any amount of money, due and payable from said city and county, to any person or persons owing and liable for any personal property or poll tax to the State and said city and county, or either, and to pay over to the Tax Collector such sum or amount as is due for such tax and costs: *provided*, the said Treasurer shall have been first served by the Tax Collector with a notice that such a tax is due, the amount thereof and costs, being mentioned in such notice. An assignment of any demand on the treasury shall in no wise defeat the object of this section.

SEC. 5. No order or decree for the distribution of any property of any decedent, shall be made by the Probate Judge, until the administrator or administrators, executor or executors, executrix or executrices, (as the case may be) shall have filed in the Probate Court, his or her or their good and sufficient affidavit, that all personal property taxes due the State and said city and county, that have attached to or accrued against the estate of such decedents, have been fully paid.

essed, or to the person who so paid such less sum, and shall enter upon the assessment roll the date of such notice being so deposited in such post-office. The balance remaining due shall, if unpaid at the time the taxes become due on said certain piece or parcel of real estate, for the next succeeding fiscal year, be added to such taxes for [the] next succeeding fiscal year, and become in every respect, for all the purposes of collection, a portion, part, and parcel thereof, but, when collected, shall be entered and credited in a proper manner in the proper books of the fiscal year in which the same first became due, and to the credit of the person and property assessed.

SEC. 10. SEC. 13. The Tax Collector may require from each bidder at the tax sale such deposit as he may deem a sufficient earnest and guarantee of the good faith of the bidder, which deposit he may, at his option, return to such bidder, or pay into the Special Fee Fund of said city and county, in the event of such bidder becoming the purchaser, and failing to pay the balance due in conformity to the provisions of law, or failing to pay the full amount of such purchase, in accordance with the provisions of law.

SEC. 14. Directions for Key-holders.—Upon the discovery of a fire near your signal-box, turn the crank slowly and steadily about twenty five or thirty times. Then wait a few moments, and if you hear no ticking in the box, or alarm on the large bells, turn as before. If you still hear no alarm, go to the next box and give the alarm from that. Never open the box or touch the crank except in case of fire. Never signal for a fire seen at a distance. Do not give an alarm for a burning chimney. Be sure your box is locked before leaving it. Upon a second alarm being struck for the same fire, it will be considered a general alarm. Second alarms will be turned in only by order of the Chief Engineer or his Assistants.

Keys of the signal boxes are deposited in the vicinity of each box, at such places as are indicated upon cards placed thereon.

Boxes designated with a star are Automatic ones. An alarm from these is given by pulling down the hook once and letting go, unerring mechanism doing the rest.

Complaints concerning the working of the Fire Alarm Telegraph, irregular striking of the bells and gongs, broken wires, etc., should in all cases be made at the Fire Alarm office, Brenham Place.

In case of tumult or riot, whereby the services of the Police force are required, an alarm will be given consisting of ten strokes upon the bells and gongs repeated five times, which will be a signal for the Police to assemble at the City Hall. This alarm will be given only by order of the Mayor or Chief of Police.

The telegraphic apparatus consist of about one hundred miles of wire, divided into ten circuits, of which five are signal circuits, or circuits running to the signal-boxes; alarm gongs, located in the different engine, hook and ladder, and hose houses, each connected with the central office by the five alarm circuits; and seven alarm bells for striking the number of the alarm box, located as follows: One on the Hall of the Exempt Fire Co., one on the engine house on Sixth Street, one on the engine house on Stockton Street, one on the engine house on Second Street, one on the engine house on Sutter Street, one on the engine house on Sixteenth Street, and one on the engine house on Pacific Street. The bells and gongs are each struck at the same time by electrical machinery. The police apparatus consists of eleven stations, each communicating with the central office, Brenham Place, where a constant watchfulness is exercised by the attending operator.

CONGREGATIONAL.

First Congregational Church.

Location southwest corner of California and Dupont streets. Rev. A. L. STONE, D. D., Pastor; residence 617 Bush Street.

This church was organized July 29th, 1819, when Thomas Douglass and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt, assisted by Rev. A. Williams. The society met in the school-house on the Plaza, until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erection of a suitable house of worship, which resulted in the building of a commodious frame structure, twenty-five by fifty feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God, February 10th, 1850. Rev. T. D. Hunt was chosen Pastor, and installed June 26th, 1850, who, in this connection, it is proper to state, was the first Protestant clergyman, located as such, in the State, having arrived in San Francisco as early as October 29th, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1st, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house; accordingly measures were adopted, in the summer of 1852, for the erection of the present substantial brick edifice, which was dedicated on the 10th of July, 1853. Rev. E. S. Lacy was installed as Pastor, July 6th, 1856, and dismissed, October 3d, 1865. Rev. A. L. Stone, D. D., was installed June 14th, 1866.

The whole number of members admitted to the church since its organization is about eight hundred and fifty. The present membership is over four hundred and fifty. This church was organized in 1819, the statistics of which may be summed up as follows: The first Rector of the church was Dr. J. L. Ver Mehr, who preached his first sermon in California at the house of Mr. Merrill, in this city, September 10th, 1819. A chapel was next built toward the close of 1819, at the corner of John and Powell streets, which was first opened for divine services December 30th, 1819. This was the first Grace Church. It was sixty feet long by twenty wide, and cost \$8,000. On the twenty-eighth of April, 1850, Grace church was formally organized. E. Bryant and D. S. Turner were elected Wardens, and Dr. Ver Mehr chosen Rector. The first vestry meeting was held on May 20th, 1850. In February, 1851, the contract was made to build the former Grace Church on Powell street, which was finished that summer. Dr. Ver Mehr preached the first sermon in this edifice.

Bishop Kip arrived in San Francisco January 29th, 1851, and on the twenty-fifth day of February following assumed the Rectorship, at which time Dr. Ver Mehr resigned. The Bishop continued to officiate until Palm Sunday, April 5th, 1857, when F. C. Ewer was ordained, and on the next Sunday he preached his first sermon. On the 14th of April Mr. Ewer was elected to be Assistant Minister, and on the twentieth of the same month he took charge of the parish, the Bishop having departed for the Atlantic States. The Bishop having returned and resigned the Rectorship, Mr. Ewer was elected Rector of the Church, December 15th, 1857, and remained that position until April, 1861, when he resigned. At the earnest solicitation of the Vestry, Bishop Kip again became Rector, and served as such until October, 1861. Rev. H. Goodwin being then Assistant Minister, continued as such, when, in September, 1866, he was elected Rector, and on the first of July, 1867, resigned. The Rev. James S. Bush was then elected Rector, and entered upon his duties in December following.

The parish, of which this is the Church, was instituted in February, 1858. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into the neighborhood. The Rev. J. Cameron, ordained in April, 1860, officiated as Curate—the Rev. J. Chittenden being his Rector. By the energy of the Curate, assisted by his brother clergymen, he established the Episcopal Church permanently in this vicinity. The present Rector took charge on the first of August, 1861. A Sunday School was shortly after organized, with Mr. John Wigmore as Superintendent, and Mr. Edward Barry as Librarian. The Mission was at that time called St. Andrew's Church.

On the twelfth of August, 1866, Rev. D. J. Lee took charge of the Mission, and changed the place of holding service to Pixley Hall, on the corner of Pacific and Polk streets. Shortly after a society of ladies, under the name of Martha Society, was formed for the purpose of raising a fund to purchase a lot and to erect a church building thereon. About this time the name of the Mission was changed to the Church of the Nativity.

The Rev. Dr. Lee having resigned in October, 1867, Rev. F. O. Barstow was appointed as Mis-

In March, 1868, the ladies of the Martha Society were requested to furnish a name, by which this church is now known, and under which the Parish was incorporated. During the following summer the effort was revived, and in September, 1863, a Board of Trustees was incorporated. A lot purchased at an expense of \$1,000, plans and specifications prepared by S. H. Williams, and the contract for building the church edifice let to J. W. Duncan. On the fourth of September, 1864, the building was completed and dedicated. It is of wood, seventy-two feet long by forty-two wide, and has seats for

This church was organized by Very Rev. Anthony Langlois, in the spring of 1849, through whose efforts a commodious frame building was erected in the month of December, 1849, and was the first Roman Catholic Church organized in San Francisco. Its ground base was forty by one hundred feet, one story in height. During the year 1850-60, a large and commodious church was erected, which was dedicated on the seventeenth of March, 1864. Its design is of the Gothic order, prevalent in the fourteenth century, presenting an illustration of the Christian architecture of that period. The principal features of this imposing structure are the towers, which project beyond the body of the church, and present in the elevation four divisions, rising to a height of ninety feet from the ground. The entrance porch, or vestibule, has two side aisles, a semi-octagonal sanctuary, and two sacristies, and is approached by a flight of ten steps, ascending to the vestibule, from which, at each side, are entrances to the galleries and baptistry, and in front are the pointed arched doorways which lead to the nave and aisles. In the central space between the towers are the three doorways communicating with the vestibule, and thence with the interior. Over the central door there is a large and elegant three compartment window, and in the gable a highly decorated rose window. Over each side door there is a lofty and spacious niche, which rises from richly molded brick corbels; there are also three marble panels with appropriate inscriptions, recessed in the brick work immediately over the doorway and gable; the work is finished with a massive and richly decorated cross.

The interior of this building has lately been completed in the florid Gothic style. Its symmetrical proportions are admired by all the lovers of architecture, and pronounced to be most correct, and ranks now among the most elegant buildings of San Francisco.

The east and west sides of the structure are divided by buttresses into eight spaces, in each instance; seven of which contain the large, pointed arched windows, which light the church. Beneath the floor of the church there is a large, well lighted basement, which is used as a school room, and also as a place of meeting for the parishioners. The extreme dimensions of the building are sixty-six feet front by one hundred and thirty-seven and one-half feet in depth; from the floor to the foot of the rafters is thirty five feet, and from the floor to the apex of the ground arches is fifty six feet. Cost over \$100,000.

BRITISH BENEVOLENT SOCIETY OF CALIFORNIA.—Rooms No. 730 Montgomery Street.

This society was organized in 1865, for the pur-

pose of affording relief to sick or destitute members and persons, who were subjects of Great Britain at the time of their birth, and of promoting the social and intellectual improvement of its members. Between twelve and thirteen hundred men, including many citizens of the United States, have been admitted to membership, and there are now some two hundred and sixty paying members, including ten life members, on the rolls. In May, 1867, the association was completely reorganized and incorporated, and a Constitution adopted, containing several admirable features, and, among others, provisions for free lectures, debates, and social concerts. From the time of its formation the affairs of the society have been carefully and judiciously managed, and its charity dispensed with prudent liberality. It has uniformly co-operated with the San Francisco Benevolent Association and St. Andrews Society, and through its agency their burden has been greatly lightened, many hundreds of sick and destitute men, women and children effectively relieved, and a large number provided for with employment. The relief given is, for the most part, temporary; and, at present, under the new system adopted by the Board of Relief, averages \$2.26 per case. During the year ending on April 30th, 1871, the smallest number of applications for any one month was one hundred, and the smallest amount expended \$4.85; the largest number of applications during the same period was one hundred and ninety for the inclement month of January, involving expenditure of \$242.07. For the year terminating April 30th, 1871, the total number of persons assisted was one thousand and thirty, and the total amount expended for their benefit \$228.95. The introduction of various literary and social features, and the opening of a correspondence throughout this and the adjoining States and Territories, it is confidently expected, will largely add to the usefulness of the institution, which has already attracted the marked admiration of the people of San Francisco. The Board of Relief is in attendance daily from 10 A.M. to 1 P.M. The regular meeting is held the first Monday evening of each month.

GERMAN GENERAL BENEVOLENT SOCIETY OF SAN FRANCISCO (styled in German, Die Allgemeine Deutsche Unterstuetzungs-Gesellschaft), is one of the largest and most efficient charitable institutions in this State. It was organized on the seventh of January, 1834, with one hundred and five members, and has rapidly increased, until now it numbers thirteen hundred and forty-two city members, and four hundred and eighty in the interior.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. The society has a hospital situated on Drumm Street near Third, built of brick, two stories high, with a basement, one hundred and twelve and one-half feet front, fifty feet deep, with a wing in the rear of twenty-three feet front, two hundred and twelve feet deep, furnished with steam, sulphur, hot and cold water and shower baths, and other conveniences for the treatment of the sick. The wards are smaller than any other hospital in the city, so that not many patients are put together in a room. The lot upon which the hospital is built is one hundred and thirty-seven feet six inches wide by two hundred and seventy-five feet long, the whole surrounded by a high fence and cultivated in a fine garden, a part planted with ornamental flowers and shrubs, and a part with kitchen vegetables. The property of the society, including the lot and hospital buildings, is worth about \$60,000, and a lot recently purchased, bounded by Sanchez, Noc, Dale and Vale streets, valued at \$12,000. The revenue of the society amounted, in 1871, to \$12,588.36, derived chiefly from a monthly assessment of one dollar levied on each member. The expenses of the same year amounted to \$32,575.40. The society has as paid servants in the hospital, a superintendent, an apothecary, a gardener, a cook and five waiters.

The office is at 732 Washington Street, where the principal agent, Julius Barkhausen, can be found from eight o'clock, A. M., to five o'clock, P. M., on week days. All applications for admission into the society, or for charitable relief, and to furnish employment, or servants to applicants, should be addressed to the agent. No charge for application.

ORPHAN ASYLUM (ROMAN CATHOLIC).—Location Market Street near Third. Organized March 23d, 1851, and placed under the care of the Sisters of Charity. A frame building for this purpose was commenced in July, and completed in September, 1851. It was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of Rev. Peter J. Grey. The present capacious brick building was completed in November, 1854, at a cost of \$45,000. It is a source of gratification to behold the consoling appearance presented by the three hundred and twenty little ones now provided for in the institution, which speaks audibly of the benign influence of the guardian sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless. Another spacious brick building, of the same dimensions as that erected in 1854, was completed in January, 1859, for a school, in which five hundred and fifty children, day scholars, receive a useful education. The asylum is conducted under the sole management of Archbishop Alemany, and the Sisters of Charity.

A farm of fifty-three acres has been purchased at Hunter's Point, where a branch Orphan Asylum has been established for very young children. A large and commodious brick edifice has been erected thereon. A frame building capable of accommodating eight hundred children is in course of erection at Hunter's Point.

It originally occupied the building on the corner of Second and Folsom streets, owned by Gen. H. W. Halleck, whence they removed the children in March, 1854, to the present building, just then completed at a cost of \$30,000. This house, built of stone and brick expressly for the purpose, is highly creditable to the institution, as one of the noblest monuments of San Francisco benevolence. During the years 1862-3, a large and convenient addition was made to the present building, at an expense of \$30,000, which, together with the main building, will accommodate two hundred and fifty children. As a compliment to the Sanson Hook and Ladder Co. who, upon disbanding, donated to the asylum the building and lot owned by them, the new addition is called the "Sanson Wing." The number of children under the care of the asylum (Feb. 1, 1872) is one hundred and fifty-nine.

SAN FRANCISCO FEMALE HOSPITAL.—This hospital was opened for the reception of patients on the first day of April, 1868. The objects of the institution are the care of poor sick women. There is no rule as to nativity, religion, or social condition. It is a charity in the broadest sense of the term. Any woman who is poor and sick is entitled to share its benefits. It is a general hospital for all diseases, and for lying-in. During the three years it has been open, there have been over 150 births: of the whole number of births over 50 per cent. have been illegitimate, showing conclusively the need of such an institution, as, if it were not for this hospital, the probabilities are that the greater number would have shared the fate of so many thousands of innocents murdered in their mothers' womb. There have been besides a large number of patients admitted for general disease. During the existence of the hospital there have been but 15 deaths, mostly from that scourge of our race, consumption. There have also been a very large number of outside patients treated, the physician and surgeon being in attendance every morning from ten to eleven o'clock to treat any poor persons who may come. It was supported by voluntary contributions until the last Legislature, when the State appropriated \$5,000 a year for its support. The surgical department is under the care of Dr. C. T. Deane. The hospital is located on the corner of Prospect Place and Clay Street.

Officers.—Mrs. M. R. Roberts, President; Mrs. R. H. Elam, Vice-President; Mrs. C. T. Deane, Secretary; Mrs. David Conklin, Treasurer.

SAN FRANCISCO LYING-IN HOSPITAL AND FOUNDLING ASYLUM.—Incorporated April, 1868. For the care, protection, and proper treatment of respectable married and unprotected single women, with their offspring, together with all other children that may be left in infancy by outside parties. Said children will be considered foundlings.

The Trustees design to make this institution in the highest degree respectable and efficient, and available to women throughout every county in the State, regardless of religion, sectarianism or nationality, whether in poverty or affluence. Those who have the ability to pay, will be required to do so in proportion to their means, and this sum will be placed in the treasury to aid those less favored by fortune. It is expected that the institution will be supported by receipts from patients, donations and contributions from different sources, appropriations by the city and State governments, and in time, by bequests, legacies, etc., etc. Thus far the institution has been supported by contributions from citizens with the exception of

one thousand dollars received from the State, together with about one tenth of current monthly expense, received from friends of patients. Suitable premises were leased on Jessie Street, east of Fourth Street, and enlarged to furnish twenty-two rooms, and made ready to receive patients, August, 1869. It is a Special Hospital, and for the specialties for which it was organized, affords facilities not to be found elsewhere on this coast. No two patients occupy the same room, at the same time. No cases of disease are admitted for treatment. It is therefore expected that it will be kept free from erysipelas and other contagious diseases that become the bane of lying in wards connected with general hospitals. It is thoroughly ventilated, and will afford all the comfort that is to be found in the best conducted homes, and free from all intrusion. Competent nurses are in attendance day and night. To December 31st, 1871, ninety-one infants came under the care of the institution. Seventy of them were born in the hospital and twenty-one left at the door of the asylum.

Trustees.—Hon. H. H. Haight, James Linforth, Hon. Samuel Cowles, H. K. W. Clark, R. B. Swain, J. W. Stow, R. G. Davison, A. B. Forbes, William Sherman, Alex. Weill and Benjamin F. Hardy.

STATE DEAF AND DUMB AND BLIND INSTITUTE.—The California Institution for the education of the deaf and dumb, and the blind, one of the most interesting and deserving of our State charities, was originally located on the corner of Fifteenth and Mission streets, in this city. It was established in May, 1869, under the auspices of an association of benevolent ladies, and for a time was supported by charitable contributions. State aid, however, was soon obtained, and two buildings, designed as the wings to a main edifice, were erected at a cost of \$20,000. In 1863 the management was intrusted to a Board of Directors, five in number, and an appropriation, for the center building, of \$75,000 was made, which was subsequently withheld, the Legislature foreseeing the necessity of removing the institution at a no distant day, to more extensive grounds. During the legislative session of 1865-6, an Act, re-organizing the institution, was passed, and a Board of Commissioners was appointed to select a site and erect suitable buildings thereon. The Commissioners, under this authority, purchased a tract, consisting of one hundred and thirty acres, adjoining the grounds of the College of California, about four miles from Oakland, and have erected thereon a stone edifice, admirable in design and execution, which was ready for occupation in October, 1869. The total cost of building and grounds has been about \$200,000. The pupils number at present about one hundred, of whom thirty are blind, the remainder being deaf and dumb. The schools, under a corps of competent instructors, are in a flourishing condition, and the results obtained compare favorably with the attainments made in the long established institutions of the Atlantic States. The blind, by ingenious apparatus devised for their use, are taught

reading, writing, arithmetic, geography, grammar, history, etc., to which is added, as a solace in their great affliction, the art of music. The deaf and dumb are instructed in the same branches, substituting drawing for music. By the Act of 1865-6, all deaf and dumb, or blind persons, residents of this State, between the ages of six and twenty-five years, and of sound mind, may be received free of expense, except for clothing and traveling expenses. Pupils from other States and Territories are admitted on payment of \$300 per annum. The institution is open to visitors every day, except Sundays, from nine o'clock a. m., till three o'clock p. m.

J. BROWELL,

No. 442 JACKSON STREET,

N. E. cor. Montgomery.

SAN FRANCISCO,

MANUFACTURER OF

Browell's Vitrified Sewer and Water Pipes

ARE OF CALIFORNIA MANUFACTURE, and are equal to the best English or Scotch manufactures, and superior to any made in the Eastern States. They are used extensively in the East and in Europe, and are the only authorized Pipes allowed to be used by the Board of Health in England for sanitary purposes. Their superiority over all other pipes has been confirmed by half a century's experience, for the following reasons: they are strong; are light and easily handled; do not corrode or decay; rats cannot burrow into them; and acids have no effect on them.

As these Pipes are indestructible, they can be readily shipped to any part of the State without danger of breakage.

Also, Fine Terra Cotta FOUNTAINS, VASES, FANCY FLOWER POTS, GARDEN EDGING, CHIMNEY TOPS, ARCHITECTURAL ORNAMENTS, etc., of pure California make.

For sale all kinds of Stone Ware Drain Pipe, Bends, Elbows, Junctions, Closet Pans, Urinaries, and Sinks of every description; also, Fire Clay Pipes, for lining Chimney Flumes, etc., etc.

I am likewise prepared to contract for the construction of Sewers, Water Pipes, for private use or for irrigating purposes, in any part of the State.

A SILVER MEDAL was awarded to J. BROWELL, by the Committee of the Eighth Industrial Exhibition of the Mechanics' Institute, for the best Vitrified Sewer and Water Pipes.

Work warranted and prices reasonable.

N. B.—We have made the manufacture of

WINDMILLS

a specialty the past ten years. During the last five years we have manufactured and put in operation a greater number of Mills than any other firm in the State; and we believe that in the last two or three years, more than any other two firms; which fact is the best proof in the world of the superiority of our machines. We *guarantee* all our work, and we have *never failed to fulfill our guarantees.*

HUNT'S PATENT WIND MILL

Dated Aug. 19, 1862.

This Wind Mill has proved to be the best, cheapest and most durable mill in use. It runs with great regularity in all winds. It revolves on its center to receive the wind from every direction. This Mill can be stopped at any time and in the strongest wind, by any person gently applying the brake, by means of a lever at the foot of the Mill, as shown in the illustration, until the Mill is stopped, hooking the lever in the ratchet to hold it still. It requires that the recesses in the boxes should be filled with cotton, and all the moving parts oiled once in three or four days, and requires occasional attention to see that all the bolts are screwed tight.

THIS MILL IS BUILT IN FIVE SIZES,

10 to 20 feet in Diameter.

HUNT'S

PATENT

WIND MILL

This is a California invention. I build of this Mill five sizes—12, 14, 16 and 18 feet diameter of wheel, with 12, 14 or 18 fans. The cut shows a Frame, Tank and Wind Mill, with a pump and pipes; also, the lever near the ground, connected to the cross-vane by rods, by means of which the Mill can be stopped or its speed regulated in any wind. These mills are strong and durable.

EUREKA — AND — ECONOMY.

PATENTED NOVEMBER 23, 1869.

These Mills have stood the test and received the First Premium at the Mechanics' Fair in this city, and we challenge the world to produce their equal in point of beauty, strength, durability and simplicity. They are the most easily controlled, run with the lightest wind, and are the least liable to get out of order of any Mill yet before the public. We use the best material, and our workmanship is superior to all other in the State. All of the above we guarantee.

PHRENOLOGICAL INSTITUTE

637 CALIFORNIA STREET,

Bet. Kearny and Dupont,

SAN FRANCISCO.

Here all may obtain a truthful examination and a correctly marked Fowler & Wells chart, at from \$2 to \$3. Examination without chart, \$1.50.

Dr. Smith gives Free Lectures to Gentlemen at his Institute, on Phrenology, every Friday evening at 8 o'clock.

INVITATION TO INVALIDS

All persons who are in any way out of health, who desire to know the nature and causes of their disease, may come and avail themselves of an examination through Phrenology in regard to health, FREE OF CHARGE, between the hours of 9 and 4, Sundays excepted.

Dr. Smith has practiced Phrenology for twenty years, and during the last ten years has been constantly using the science connected with Physiognomy, in examining or diagnosing disease, and claims to have made discoveries in the science of Phrenology that enable him by an examination of the head, even blind-folded, to determine the disease to which the person is constitutionally subject, or whether the disease at the time afflicting the person is the result of accident or hereditary weakness; whether CONSUMPTIVE, DYSPEPTIC, RHEUMATIC, APOPLECTIC, NEURALGIC or SEMINAL. Especially does the form of the head indicate the strength of the uterine and reproductive system. The head is also an index of the natural strength of the lungs, heart, stomach, liver, kidneys, spleen, back or vertebra, and it determines the power of the system in warding off and overcoming diseases of all kinds.

HUCKS & LAMBERT'S

CELEBRATED PATENT

H. & L. AXLE-CREASE.

THIS EXTRAORDINARY LUBRICATING COMPOUND

Is produced by chemical combination of suitable oily substances, purified by distillation, and

EFFECTUALLY

Freed from resinous or pitchy matter which attaches to all oils, more or less, in their natural or unrefined state. In operation, the PATENT GREASE works free from Comb, or Gum;

P R E V E N T S

Friction by keeping the heaviest bearings in a soft, oily state to the last; and, as its consistency is not altered by exposure to the hottest sun or coldest frost, (its liquifying point being 200 degrees) it follows that, on axles which have a tendency to become hot from too heavy abrasion, etc., the anti-friction will adhere to and keep them cool, when other substances would run off and become dry; thus the evil known as

" F I R I N G O F W H E E L S , "

is by its use effectually prevented.

The Proprietors will guarantee one application of their PATENT GREASE to carry the heaviest loaded team from 300 to 500 miles without requiring to be greased on the road.

N. B.—We respectfully caution our friends to ask for HUCKS & LAMBERT'S AXLE GREASE, as there are several spurious imitations in the market, and see that the trade mark, H. & L., is on the red cover of the package.
